Miss Awful and the Mastermind

Miss Awful has unjustly been elected as the sweetest teacher of the province, but the fourth grade is anything but happy about it! Lily and Tom are determined to compose a plan to drive Miss Awful away from the school. Unfortunately, it's not quite that simple. Their hope is revived when a new boy joins their class: Lucas is only 7 years old, but he is super smart. Maybe he can help them to create a new masterplan? But then they realise Miss Awful has different plans for Lucas, and they have to find a way to save him. Fingers crossed!

Miss Awful and the Mysterious Disappearance

After their summer break, Lily and Tom will go to the fifth grade. Unfortunately, the cunning Miss Awful is still the principal. They are very happy that Lucas is in their class again: he discovers that the inventor of the magical ring has invented another item that could make Miss Awful disappear forever. However, just before they are about to use the invention, it gets stolen... They almost give up, but then they find out that Milou, their new classmate, knows more about the theft. Is there still a chance to rid themselves of Miss Awful forever?

Miss Awful and the Ingenious Escape

Lily and Tom still haven't succeeded in chasing away the sneaky Miss Awful, not even with the help of their genius friend Lucas. Miss Awful keeps coming up with nasty plans. For example, she has come up with a ridiculous new school uniform. And she wants to separate all the best friends and put them in different classes. They can't let that happen, right? Miss Awful's scary friends Greta Grenade and Clara Cyanide have been released from prison and have come up with their own evil plans in which Tom plays a big part...

On top of that, Tom finds out his parents have been keeping a big secret from him. Can he find out what the secret is and keep himself from falling into the hands of Miss Awful and her friends?
