PRETTY BABY: A *Memoir*

****Lambda Literary Award Finalist****

A queer teen rebel escapes small-town Appalachia and becomes Los Angeles's Renowned Lesbian Dominatrix in this searing and darkly funny memoir that upends our understanding of sexuality, class, and power.

From an early age, Belcher appeared destined for a life of conventional femininity. At all of eight months old, she took first place in an infant beauty contest, a minor glory that tends to follow you around a working-class town of 1,600 people in rural Appalachia. But admiration is fleeting, double standards are enraging, and Belcher is restless for a chance to act on her own desires. When she falls in love with another girl and shares the secret of her queerness, the conservative community that had once celebrated its prettiest baby swiftly turns on her.

A decade later and two thousand miles away, living in Los Angeles and trying to stay afloat in the early years of a PhD program, Belcher plunges into the work of a pro-domme. Branding herself as LA's Renowned Lesbian Dominatrix, she specializes in male clients who want a woman to make them feel worthless, shameful, and weak—all the abuse regularly heaped upon women for free. Belcher is paid to be the keeper of the fantasies that they can't enact in their everyday relationships. But moonlighting as a sex worker also carries risks, like the not-so-submissive who tries to turn the tables and the jealous client who seeks revenge through blackmail. Belcher refuses to feel shame about the work she does, but fear that her doctorate program won't approve—even in the field of gender and sexuality studies—burdens her with a double life. *Pretty Baby* is her second coming out.

As Lisa Taddeo's *New York Times* bestseller *THREE WOMEN* gave us a revelatory look inside female desire, this sharp and discerning memoir dissects male desire—its harm, its greed, and its secrets—and examines how queerness could hold the answers to subverting it.

"*Pretty Baby* shimmers with rage and insight and I couldn't put it down. What a fucking gorgeous book." —Carmen Maria Machado

"Belcher's account of labor, sexuality, identity, queerness, and femininity is absolutely not to be missed." —Vogue

HAVING AND BEING HAD

A timely and arresting new look at affluence by a consistently surprising writer

“My adult life can be divided into two distinct parts,” Eula Biss writes, “the time before I owned a washing machine and the time after.” Having just purchased her first home, she now embarks on a roguish and risky self-audit of the value system she has bought into. The result is a radical interrogation of work, leisure, and capitalism. Described by *The New York Times* as a writer who “advances from all sides, like a chess player,” Biss brings her approach to the lived experience of capitalism. Playfully ranging from IKEA to Beyoncé to Pokemon, across bars and laundromats and universities, she asks, of both herself and her class, “In what have we invested?”

A NEW YORK TIMES EDITORS' CHOICE

NAMED A BEST BOOK OF THE YEAR BY TIME, NPR, INSTYLE, AND GOOD HOUSEKEEPING

“A sensational book . . . Keenly aware of her privilege as a white, well-educated woman who has benefited from a wide network of family and friends, Biss has written a book that is, in effect, the opposite of capitalism in its willingness to acknowledge that everything she’s accomplished rests on the labor of others.” —*Associated Press*

“Incisive, impressive and often poetic . . . [Biss] turns what is essentially a chronicle of white guilt and anxious privilege into a thoughtful and nuanced meditation on the compromises inherent in having a comfortable life.” —*The Wall Street Journal*

“[Biss explores] the candid ways we reveal our own biases around money, class, wealth, property & work. . . . *Having and Being Had* is a reminder that even discussing our contemporary chaos is an act of awakening & a call to action.” —*Los Angeles Times*

“A major achievement. *Having and Being Had*, rather than leading through narrative, turns individual words and phrases, like capitalism, consumers, great America, husbandry, art, and work, into fields of inquiry in order to frame a life. With astute consideration, this expansive and intimate accumulation asks the questions that touch all our lives.” —**Claudia Rankine, author of *Citizen***

LONG DAYS, SHORT YEARS

How parenting became a verb, from Dr. Spock to baby whispering and free-range kids.

Drawing on parenting books, blogs, and historical accounts of parental duties as well as novels, films, podcasts, television shows, and his own experiences as a parent, Bomback charts the cultural history of parenting as a skill to be mastered, from the laid-back Dr. Spock's 1950s childcare bible—in some years outsold only by the actual Bible—to the more rigid training schedules of *Babywise*. Along the way, he considers the high costs of commercialized parenting, the pressure on mothers to have it all (and do it all), scripted parenting as laid out in *How to Talk So Kids Will Listen*, parenting during a pandemic, and much more.

Praise for *Doctor*:

"Bomback's work on modern parenthood takes on many prevalent topics, including economic anxiety, social pressures, and the tension between careers and family life. His narrative also reveals the internal pressures that parents face to become the best they can be in that role, while recognizing the limits of their resources, patience, and personalities...His empathy and frankness shine through on each page. This book is enjoyable to read and likely to be validating for many parents of young children."

—**Library Journal**

"Physician and father Andrew Bomback brings remarkable compassion to this meditation on the work of parenting. *Long Days, Short Years* is an insightful and enjoyable read."

—**Amy Fusselman, author of *The Means***

"Illuminating while never pedantic, *Long Days, Short Years* reflects on the pitfalls, lessons, and pleasures of modern parenting. With a keen yet relaxed narrative style, Andrew Bomback explains how being a parent became a culturally supercharged job: punishingly mundane, sometimes sublime, always a moving target."

—**Christopher Schaberg, author of *Pedagogy of the Depressed***

FILTERWORLD: How Algorithms Flattened Culture

From *New Yorker* staff writer and author of *The Longing for Less* Kyle Chayka comes a timely history and investigation of a world ruled by algorithms, which determine the shape of culture itself.

From trendy restaurants to city grids, to TikTok and Netflix feeds the world round, algorithmic recommendations dictate our experiences and choices. The algorithm is present in the familiar neon signs and exposed brick of Internet cafes, be it in Nairobi or Portland, and the skeletal, modern furniture of Airbnbs in cities big and small. Over the last decade, this network of mathematically determined decisions has taken over, almost unnoticed—informing the songs we listen to, the friends with whom we stay in touch—as we’ve grown increasingly accustomed to our insipid new normal.

This ever-tightening web woven by algorithms is called “Filterworld.” Kyle Chayka shows us how online and offline spaces alike have been engineered for seamless consumption, becoming a source of pervasive anxiety in the process. Users of technology have been forced to contend with data-driven equations that try to anticipate their desires—and often get them wrong. What results is a state of docility that allows tech companies to curtail human experiences—human lives—for profit. But to have our tastes, behaviors, and emotions governed by computers, while convenient, does nothing short of call the very notion of free will into question.

In *Filterworld*, Chayka traces this creeping, machine-guided curation as it infiltrates the furthest reaches of our digital, physical, and psychological spaces. With algorithms increasingly influencing not just what culture we consume, but what culture is produced, urgent questions arise: What happens when shareability supersedes messiness, innovation, and creativity—the qualities that make us human? What does it mean to make a choice when the options have been so carefully arranged for us? Is personal freedom possible on the Internet?

To the last question, *Filterworld* argues yes—but to escape Filterworld, and even transcend it, we must first understand it.

“Filterworld skillfully interrogates how the giant project of measuring humanity using the internet turned into an unfortunate modification of humanity. The story told here is instrumental to your own, even if you do not realize it.”

THE GRIEF CURE: *The High-Stakes Business of Making Tragedy Disappear*

In this lyrical and moving story of the world of Prolonged Grief, culture writer Cody Delistraty reflects on his experience with loss and explores what modern science, history, and literature reveal about the nature of our relationship to grief and our changing attitudes toward its cure

Last year, when the American Psychiatry Association classified grief that lasts more than a year as a form of mental illness, a global race broke out to find medical treatments for an experience once thought to be a natural part of life.

Writer and critic Cody Delistraty himself experienced what would now be considered “prolonged grief disorder” after his mother died of cancer. At the time, he found himself struggling with how little of a roadmap there was for his loss—or the way that it derailed his life, defying commonly-held notions of what normal mourning might look and feel like. He began to ask himself: was it possible that he was grieving wrong? Did other people actually feel like this?

THE GRIEF CURE follows Delistraty’s quest for answers, and takes the reader into this new world of individual “cures” for grief, which include complex artificial intelligence in rural New Hampshire and conversations with Moscow technologists searching for solutions in VR and the metaverse; “laughter therapists” and psychics peddling their own form of medicine; pharmaceutical trials of naltrexone, ecstasy, and psilocybin, across New York, Berkeley, Los Angeles, London, and Lubbock, Texas, which propose the worst forms of grief might be lessened in part with a simple pill; and, ultimately, promising neurological research that might within the next decade be able to erase memories with the precision of a surgeon’s scalpel, thereby theoretically doing away with the pain of grief forever.

After meeting a cadre of fascinating characters and following a few as they navigate their pathologized grief on their own, the second half of THE GRIEF CURE questions whether we’d all be better off rethinking the social norms around grief rather than trying to “cure” it with science. What if grief is fundamentally a social issue, meaning that changing our collective views on it might improve the experience of mourning? This possibility is explored via a new group of dinner parties in New York and LA attended by tens of thousands where community is being redefined; a “breakup bootcamp” in northern California validating romantic loss and investigating the very definition of grief; questions of social media, “tragedy porn,” and the algorithm’s power to alter and corrupt grief; sex work in San Francisco and Paris; and a trip to a cemetery outside Mexico City where the very notion of “closure” might be totally rethought.

FIRE ON THE LEVEE: *The Murder of Henry Glover and the Search for Justice after Hurricane Katrina*

The former federal prosecutor and founder of Justice Innovation Lab tells the story of his struggle to unravel the cover-up of a police shooting, and subsequent incineration of the shooting victim, in Hurricane Katrina-era New Orleans.

In 2009, Jared Fishman was a young prosecutor working on low-level civil rights cases in the Justice Department when a file landed on his desk. That folder contained two items: a story from The Nation magazine examining a mysterious death in New Orleans following Hurricane Katrina, and an autopsy report for a man named Henry Glover, whose charred remains were found in a burned-out car two weeks after the storm. The autopsy report, bafflingly, listed no cause of death. But according to The Nation story, a gravely wounded Glover had last been seen in a car driven by a New Orleans police officer.

Intrigued despite the lack of evidence, Fishman set out to learn what happened to Glover. He flew to New Orleans and teamed up with a rookie FBI agent, and together they started to track down anyone with information about what had happened to Glover on that day.

Fire on the Levee tells the story of a young idealistic prosecutor determined to bring the truth to light. The case would lead to major reforms in the New Orleans Police Department and ultimately change our understanding of race, policing and justice in post-Katrina New Orleans and beyond.

Praise for FIRE ON THE LEVEE:

"[A] riveting true crime saga... Readers will be gripped." —★ *Publishers Weekly* (starred review)

FASCI/NATION

A powerful work of nonfiction on kink, assimilation and inherited trauma.

Beginning from the author's own experience as a Jewish person exploring Nazi kink, the book expands into a wider conversation about how sexuality and embodied practices meet historical oppressions. Combining the personal and critical, *FASCI/NATION* reads across alt-right Furies, emerging BDSM cultures, and the slipperiness of racialization to reckon with trauma, humor, and systemic vs. individual responsibility—and ultimately to argue for the essential role of the body in grappling with history.

Particularly relevant in the wake of #metoo and our ongoing cultural discussion of consent, *FASCI/NATION* insists on the resilience of sexuality and the restorative power of kink. How can honest play and direct communication lead to true forms of rehabilitation on both personal and political levels?

In smart, often darkly funny prose, Fridman builds on the legacy of autofiction from writers like Chris Kraus and Sheila Heti, discussions of queer healing in Maggie Nelson and Audre Lorde, and the work of feminist and queer researchers and critics including Saidiya Hartman, J. Jack Halberstam, and Hannah Arendt. An earlier version was shortlisted for the 2020 Graywolf Prize in Nonfiction.

NEVER ENOUGH: *The Neuroscience and Experience of Addiction*

****A New York Times Bestseller****

From a renowned behavioral neuroscientist and recovering addict, a rare page-turning work of science that draws on personal insights to reveal how drugs work, the dangerous hold they can take on the brain, and the surprising way to combat today's epidemic of addiction.

Judith Grisel was a daily drug user and school dropout when she began to consider that her addiction might have a cure, one that she herself could discover by studying the brain. Now, in NEVER ENOUGH, after twenty-five years as a neuroscientist, she shares what she and other scientists have learned about addiction: how all drugs act on the brain, the different kinds of effects different drugs generate, and the specific reasons why many are so hard to kick. Grisel reveals what is different about the brains of addicts even before they first pick up a drink or drug, highlights the changes that take place in the brain and behavior as a result of chronic using, and shares the surprising hidden gifts that addiction can expose.

With more than one in every five people over the age of fourteen addicted, drug abuse has been called the most formidable health problem worldwide. Urgent, revelatory, and set apart by its personal insights and captivating storytelling, NEVER ENOUGH will inform a more coherent and compassionate response to the epidemic in our homes and communities.

Praise for NEVER ENOUGH:

“Grisel’s account of her wayward early 20s, chasing one high after another, is harrowing . . . She writes clearly and unsparingly about both her experiences and the science of addiction—tobacco and caffeine figure in, as well—making plain that there is still much that remains unknown or mysterious about the brain’s workings. . . . Illuminating reading for those seeking to understand the whos, hows, and wherefores of getting hooked.” —Kirkus Reviews

“The science behind addiction comes alive in its sorrow and grandeur. When you pick up this book get ready for an intense ride.” —Paul H. Earley, M.D., DFASAM; President-elect, American Society of Addiction Medicine

POETS SQUARE: *Essays on Cats & Community*

****Sold in a six figure preempt****

When Courtney Gustafson moved into a new rental in the Poets Square neighborhood in Tucson, Arizona, she would have never guessed that a colony of feral cats living in her driveway would change her life forever. Settling into a secure romantic relationship while it felt like the world around her was burning down, she couldn't know how reluctantly, then profoundly, she would come to care about the health and safety of those thirty-some-odd neglected cats. She had no idea about the grief and hardship of animal rescue, the staggering size of the problem. And she couldn't have imagined how that struggle—towards an ethics of care, of individuals trying their best amidst spectacularly failing systems—would help pierce a personal darkness she'd wrestled with much of her life.

POETS SQUARE: Essays on Cats & Community is a memoir-in-essays about becoming an accidental cat rescuer, going viral, creating community, and surviving capitalism. These essays tell the brutal and tender stories of cats Courtney has saved (or failed to save) as a lens to explore everything from poverty and mental health to morality and misogyny. We see how cat rescue—despite its often-enormous sadness—paradoxically helped in a struggle with depression, showing the way towards an interrelated community of cats and care. The book explores caretaking and kindness in the face of a broken system: what it means for an individual to refuse to throw their hands up, to insist on showing up regardless of insurmountable problems, to search for ways to be a good person in the face of crushing overwhelm.

POETS SQUARE is beautifully written literary nonfiction about animals with a profound core like *H IS FOR HAWK* and *FOX AND I*. Structured in smart, snappy personal essays that probe at the problems of personhood in the internet age, it will appeal to fans of Melissa Broder or Jia Tolentino, and its introspective, generous thinking on self and society evokes *WINTERING*.

TO BUILD A BLACK FUTURE

An incisive portrait of how the new Black politics can forge a future centered on collective action, community, and care.

When #BlackLivesMatter emerged in 2013, it animated the most consequential Black-led mobilization since the civil rights and Black power era. Today, the hashtag turned rallying cry is but one expression of a radical reorientation toward Black politics, protest, and political thought. *To Build a Black Future* examines the spirit and significance of this insurgency, offering a revelatory account of a new political culture—responsive to pain, suffused with joy, and premised on care—emerging from the centuries-long arc of Black rebellion, a tradition that traces back to the Black slave.

Drawing on his own experiences as an activist and organizer, Christopher Paul Harris takes readers inside the Movement for Black Lives (M4BL) to chart the propulsive trajectory of Black politics and thought from the Middle Passage to the present historical moment. Carefully attending to the social forces that produce Black struggle and the contradictions that arise within it, Harris illustrates how M4BL gives voice to an abolitionist praxis that bridges the past, present, and future, outlining a political project at once directed inward to the Black community while issuing an outward challenge to the world.

Essential reading for the age of #BlackLivesMatter, this visionary and provocative book reveals how the radical politics of joy, pain, and care, in sharp contrast to liberal political thought, can build a Black future that transcends ideology and pushes the boundaries of our political imagination.

PRAISE FOR TO BUILD A BLACK FUTURE:

“In *To Build a Black Future*, Christopher Paul Harris makes the revolution irresistible! This is not a book to be read once but one to return to whenever we get lost, a social compass bearing witness to where we have been, affirming where we are, and illuminating where we still might go.” —Ruha Benjamin, author of *Viral Justice: How We Grow the World We Want*

“A sorely needed return to the basic ideas underneath the movements that are defining our political era. Important reading for Black activists, organizers, artists, and thinkers.” —Olúfẹmi O. Táíwò, author of *Elite Capture: How the Powerful Took Over Identity Politics (And Everything Else)*

RAPE GIRL: A Study in Nine Parts

*****Sold in a six figure pre-empt*****

In many ways, *RAPE GIRL: A STUDY IN NINE PARTS* is the book that essayist, critic, and poet Jamie Hood has been writing her entire life. In the thirty years since her first sexual assault (age six, by the neighbor), it has taken many forms: a chronological, straight memoir of violence; a book-length poem; a manifesto; a novel. In the wake of each subsequent attack (twice as a teenager, several times in graduate school, most recently at a Brooklyn bar), and resultant attempt to narrativize the violence, what became clear was that no single genre was able to capture the entirety of what she was trying to say.

Trauma disorients the very possibility of straightforward narrative, so then why do we expect our tellings of it to be linear and easily digestible? *RAPE GIRL* asks: what is rape at its core? And beyond: how would an account of rape that acknowledges and incorporates the truth of trauma as an experience shift the conversation?

Told in nine parts—media historical, political, poetic, autofictional, literary critical, and memoiristic—*RAPE GIRL* reckons with the confessional imperative of survivors and the role of rape narratives in our collective consciousness. Weaving between genres and throughout history, Hood consults Artemesia Gentileschi and other foremothers in revenge and witness, documents a month of walking the exact route that she took to escape an assailant, tangles with the specter of Dick Wolf and *Law and Order*, reflects on her own coping mechanisms and childhood in Virginia, probes the specific silence around trans women's experience of rape, and interrogates what it means to enter a post-#MeToo era of backlash in 2022.

RAPE GIRL is a necessarily illuminating text, imagining stranger, more radical models of storytelling. Combining the hybridity of Camen Maria Machado's *IN THE DREAM HOUSE* with the intensity of Maggie Nelson's *THE ART OF CRUELTY*, *RAPE GIRL* promises to do for sexual violence what *CITIZEN* did for conversations around race, and become part of a new wave of cultural resistance.

I AM STILL WITH YOU: *The Story of a Missing Person in the Nigerian Civil War*

An astonishing search for the author's disappeared uncle and the hidden tragedies of a war that shaped him, his family, and a nation

Emmanuel Iduma never met his uncle, the man for whom he was named. The elder Emmanuel left home in 1967 to fight in the Biafran War and was not seen again. The war lasted for three years, with young Igbo men volunteering to fight for a breakaway republic in the chaotic wake of British decolonization. Around one hundred thousand disappeared like Emmanuel's uncle, though there are no official records of these losses. The tensions that gave rise to the conflict remain live today, threatening sometimes to bubble over. In this landscape, there are no monuments or graves. Instead, a collective remembering that remains largely silent.

I Am Still With You sees a young Nigerian return to his place of birth. Travelling the route of the war, Iduma explores a national history and the mysteries of his own family, finding both scarred and haunted, the memories warped by time and the darkest parts left for decades unspoken. In intimate, lyrical prose, he shares a deeply moving story of collective loss and making peace with the unknowable.

MOUNTED: On Horses, Blackness and Liberation

In 2015, the LA Times tweeted side-by-side images of Serena Williams and racehorse American Pharoah along with the question “Who’s the Real Sportsperon of the Year?” in reference to the annual title awarded by Sports Illustrated. This wasn’t the first time a Black athlete had been compared to a horse, or even made to compete against one. Throughout American history, the relationship between horses and Black people has become a singular site for complex performances of status, labor, racial hierarchy, and white anxiety.

MOUNTED: ON HORSES, BLACKNESS, AND LIBERATION examines the shared history of Blackness and horses, exploring what the image of the horse can teach us about nationhood, race, and American landscapes both mythical and physical. Drawing on their personal history as a former urban equestrian, Black queer person, and child of Jamaican and Filipino immigrants, essayist and art critic Bitter Kalli (they/them) argues for the horse as a critical site of power and identity.

In a series of approximately a dozen essays, Kalli explores the work of Black artists and media makers from Beyonce to filmmakers Tiona Nekkia-McClodden and Jeymes Samuel, and their own relationship to horses throughout their life. Alternatively playful and critical, meditative and biting, these essays chart a course throughout time and place—from the shadows of racetracks where jockey culture and the ubiquity of “equestrian chic” originated, to the reclamation (or, to borrow Lil Nas X’s word, yeehawification) of the image of the cowboy and fraught connections of equestrian sport to US militarization and European colonial domination. What emerges is a central question: What does it mean for Black people to ride and tend horses in the context of a culture that has also used horses against them?

Throughout these essays, Kalli also works to untangle their own experiences as the sole Black member of their equestrian team at Columbia, and how the aesthetics, ethos, and practice of horse stewardship contributed to their understanding of gender, sexuality, and radical community building

Combining the cultural acuity of *THEY CAN’T KILL US UNTIL THEY KILL US* and *GLITCH FEMINISM* with the striking personal narratives of *HOW FAR THE LIGHT REACHES* and *TACKY*, **MOUNTED seeks to move beyond the reductive stereotypes that often define our perceptions of “horse people”—their swaggering masculinity, their snooty elitism—and their assumed whiteness, to honor the nuance and resistance of how Black people relate to the image and physical presence of the horse in all its forms.**

STARRY FIELD: *A Memoir of Lost History*

This poignant memoir traces 4 generations of family trauma against the backdrop of Korea’s modern history for readers who love a sweeping intergenerational story like *Pachinko* and *The Return*.

Journalist and critic Margaret Juhae Lee tells the story of her search for the truth about the life and early death of her grandfather, Lee Chul Ha, a student revolutionary who was jailed for protesting the Japanese colonization of Korea in 1929.

At the end of her life, her grandmother, Halmani, opens up about Margaret’s grandfather, the “criminal” who was imprisoned and a source of shame for the family. What Margaret unearths is a trove of extraordinary material concerning the life of her grandfather, information that both affirms and explodes what she had always believed about herself, her father, and their legacy.

Combining investigative journalism, oral history, and archival research, *Starry Field* weaves together the stories of Margaret’s grandparents, parents, and herself against the backdrop of Korea’s tumultuous modern history, from the colonial era to its technological boom.

The moving memoir is told in a series of short chapters anchored by 3 long-form interviews Margaret conducted with Halmani before her death. Though she initially sets out to uncover the secrecy around her grandfather’s life, what she finds instead is a deep bond between her and her grandmother—2 women, 2 generations apart, living on opposite sides of the world, with the shared desire to start a family and find something called home.

20 memorable photographs will be included.

ELIXIR: *A Parisian Perfume House and the Quest for the Secret of Life*

A story of alchemy in Bohemian Paris, where two scientific outcasts discovered a fundamental distinction between natural and synthetic chemicals that inaugurated an enduring scientific mystery.

For centuries, scientists believed that living matter possessed a special quality—a spirit or essence—that differentiated it from nonliving matter. But by the nineteenth century, the scientific consensus was that the building blocks of one were identical to the building blocks of the other. *Elixir* tells the story of two young chemists who were not convinced, and how their work rewrote the boundary between life and nonlife.

In the 1830s, Édouard Laugier and Auguste Laurent were working in Laugier Père et Fils, the oldest perfume house in Paris. By day they prepared the perfumery’s revitalizing elixirs and rejuvenating eaux, drawing on alchemical traditions that equated a plant’s vitality with its aroma. In their spare time they hunted the vital force that promised to reveal the secret to life itself. Their ideas, roundly condemned by established chemists, led to the discovery of structural differences between naturally occurring molecules and their synthetic counterparts, even when the molecules were chemically identical.

Scientists still can’t explain this anomaly, but it may point to critical insights concerning the origins of life on Earth. Rich in sparks and smells, brimming with eccentric characters, experimental daring, and the romance of the Bohemian salon, *Elixir* is a fascinating cultural and scientific history.

Praise for ELIXIR:

“[*Elixir*] vividly evokes cultural life in Bohemian Paris, the turbulence of the French Revolution and its aftermath, and the feuds that plagued rival scientists... Levitt’s social history, especially of perfume, is fascinating.”—**Moirá Hodgson, *Wall Street Journal***

“[A] fascinating account of the birth pangs of organic chemistry in 19th-century Paris... [Levitt] has caught well these dreaming, competitive, daring men in the act of living, each striving compulsively for the giddy, intoxicating bliss of insight into the making of the world.”—**Matthew Lyons, *The Times***

“Almost impossible to put down... Written with the propulsive flow of a novel, [*Elixir*] unfolds in two interconnected but sequential stories, each following a scientific hero... A whirlwind tour from the point of view of pomades, perfumes, and eau de cologne.”—**Michael D. Gordin, *Science***

IOSI: The Spy Who United Us

Now an Amazon Prime series premiering at the Berlinale 2022, **IOSI** tells an incredible true story of domestic terrorism, spies, and a cover-up of the bloodiest anti-Semitic attacks in the history of Argentina.

Told in three alternating first-person narratives, **IOSI** is the story of two journalists tracking a spy named Iosi—a young intelligence agent whose infiltration of the Jewish community in Argentina paved the way for the terrorist attacks on the Israeli embassy in Argentina and the building of the Israelite Argentine Mutual Association, which killed 85 people in 1994.

Haunted by the ghosts of the dead, Iosi cannot ignore the fact that his efforts to spy on this fellow citizens yielded information that would be instrumental to the bombings. Wracked by guilt, Iosi turns against his superiors, and joins forces with journalists Miriam Lewin and Horacio Lutzky to uncover the full extent of the government's involvement in the murders.

Recounting their efforts over more than a dozen years, Iosi, Lewin, and Lutzky tell of their harrowing journey, marked by corrupt judges, an official state coverup, and the murder of the prosecutor to whom Iosi hoped to testify. In a startling epilogue, Iosi is vindicated when in 2021, the Inter-American Commission on Human Rights confirmed Argentina's knowledge of the attack, their failure to prevent it, and the existence of "deliberate coverup."

THE SKY IN IT

From the author of *THE NARROW DOOR* and *LATER*, Paul Lisicky's *THE SKY IN IT* will be a look back at the life of a writer forged by the distinctive and radical artistry of Joni Mitchell. It will be a book about creativity, about Lisicky's beginnings as a songwriter, studying music as a kid, publishing and recording music his late teens, before bringing that energy to writing. At the same time it will be a book about building and revising a self over time. Does Joni Mitchell offer lessons in survival? *THE SKY IN IT* makes a case for that by thinking about Lisicky's own doubts and beliefs up against Mitchell's, especially as dramatized in her individual songs.

Praise for *THE NARROW DOOR*:

"The most moving account of love among artists I've ever read. *The Narrow Door* is astonishing."
—**Garth Greenwell**

"Paul Lisicky always has the capacity to break your heart for he has the diviner's gift for finding the wellsprings of the quietest sorrows." —**Joy Williams**

"Breathtaking and heartbreaking." —***Publishers Weekly***

"An elegy, an apologia, and a triumph." —**Alexander Chee, *The New York Times Book Review***

"Mr. Lisicky has a gift for understanding suffering, an added bundle of receptors for detecting loneliness." —***The New York Times***

"Paul Lisicky's *The Narrow Door* circumnavigates the often inscrutable forces that bring us in and out of each other's lives and hearts, while paying welcome homage to the oft-unsung role of friendship in them. While Lisicky bears witness to "the hell of wanting [that] has no cure," his ship always feels buoyant, by virtue of a narrator whose attentiveness to feelings both big and small is marked throughout by honesty and devotion." —**Maggie Nelson, author of *The Argonauts***

HER LIFE TO LIVE: *Anna Karina and the Women of the New Wave*

A wildly glamorous, sharply feminist forgotten history of the actresses who changed the course of the movies, and the possibilities for 20th century women's lives.

In the spring of 1958, as the world was busy remaking itself in the turbulent wake of WWII, a Danish teenager hitchhiked to Paris with no money or prospects, but a dream of acting. Within four years, she became the face of a movement that exploded the possibilities of film, and offered the world a vision of liberated womanhood.

The French New Wave has been remembered through its male directors, famed for elevating film from lowbrow entertainment to art. Jean Luc Godard and Francois Truffaut were cultural heroes of their time, their work in film compared to what Picasso did to painting. They are beloved and celebrated to this day for forever changing the way we make and watch movies.

Forgotten behind these men's long shadow are the women who brought their films to life. It was the verve and nonchalance of Anna Karina, Brigitte Bardot, Jean Seberg, Jean Moreau, and a dozen fellow actresses, that made the New Wave so revolutionary, its charm so modern, its influence so widespread and lasting. They became international icons, at once beloved, reviled, and abused for their insistent independence. Yet their part in this sea change has been brushed aside, their strength in the face of trenchant misogyny quickly forgotten.

Recovering the courageous work and lives of these New Wave sisters, *Her Life to Live* spirals outwards from the dramatic narratives of Karina, Bardot, Seberg, and Moreau to paint a vibrant portrait of this remarkable community of women and their revolutionary moment. As dramatic and sensitive as Mary Gabriel's *Ninth Street Women*, Tove Ditlevsen's *The Copenhagen Trilogy*, and Sarah Bakewell's *At the Existentialist Café*, it is a story of courage and talent, romance and violence, survival and creation – cinematic in its own right.

BARRED: Why the Innocent Can't Get Out of Prison

A groundbreaking exposé of how our legal system makes it nearly impossible to overturn wrongful convictions

Thousands of innocent people are behind bars in the United States. But proving their innocence and winning their release is nearly impossible.

In *Barred*, legal scholar Daniel S. Medwed argues that our justice system's stringent procedural rules are largely to blame for the ongoing punishment of the innocent. Those rules guarantee criminal defendants just one opportunity to appeal their convictions directly to a higher court. Afterward, the wrongfully convicted can pursue only a few narrow remedies. Even when there is strong evidence of a miscarriage of justice, rigid guidelines, bias, and deference toward lower courts all too often prevent exoneration.

Offering clear explanations of legal procedures alongside heart-wrenching stories of their devastating impact, *Barred* exposes how the system is stacked against the innocent and makes a powerful call for change.

Praise for BARRED:

"Informative and poignant... [An] important addition to the literature on America's addiction to incarceration." —*Kirkus*

"Eye-opening... Readers interested in criminal justice will find an elucidating look at the challenges and possibilities for the wrongfully convicted." —*Booklist*

"Clear, accessible, and often astounding, *Barred* explains why strong evidence of innocence doesn't matter once a trial is over, and how our criminal system routinely sacrifices accuracy for finality. A leading scholar and expert on innocence, Medwed is also a wonderful educator.

GOODBYE, EASTERN EUROPE: *An Intimate History of a Divided Land*

In light of Russia's aggressive 2022 invasion of Ukraine, Goodbye, Eastern Europe is a crucial, elucidative read, a sweeping epic chronicling a thousand years of strife, war, and bloodshed, from pre-Christianity to the fall of Communism—illuminating the remarkable cultural significance and richness of a place perpetually lost to the margins of history.

Eastern Europe, the moniker, has gone out of fashion since the fall of the Soviet Union. Ask someone now, and they might tell you that Estonia is in the Baltics, or Scandinavia, that Slovakia is in Central Europe and Croatia is in the Eastern Adriatic or the Balkans. In fact, Eastern Europe is a place that barely exists at all, except in cultural memory. Yet it remains a powerful marker of identity for many, with a fragmented and wide history, defined by texts, myths, and memories of centuries of hardship and suffering.

Goodbye, Eastern Europe is a masterful narrative about a place that has survived the brink of being forgotten. Beginning with long-lost accounts of early pagan life, Mikanowski offers a kaleidoscopic tour recounting the rise and fall of the great empires—Ottoman, Hapsburg, and Russian—the dawn of the modern era, the ravages of Fascism and Communism, as well as Capitalism, the birth of the modern nation-state, and more. A student of literature, history, and the ghosts of his own family's past, Mikanowski paints a magisterial portrait of a place united by diversity, and eclecticism, and a people with the shared story of being the dominated rather than the dominating.

“Ambitious. . . . stunning. . . . Shot through with lyrical reflections and astute analysis, this is a rewarding portrait of a diverse and complex part of the world.”

— ★ *Publishers Weekly* (starred review)

“An epic history. . . . of a part of the world too often ignored, told with vigor, color, and authority.”
 —*Kirkus Reviews*

“The enormous contradiction of a single, vast geopolitical region that evinces a stereotype-defeating multiplicity is captured brilliantly... The result is a celebration as well as an exercise in tough love.”

GOD, HUMAN, ANIMAL, MACHINE

****Finalist for the 2022 LA TIMES Book Award****

From the author of the critically-acclaimed *Interior States*, a strikingly original exploration of what it might mean to be authentically human in the age of artificial intelligence.

For most of human history the world was a magical and enchanted place ruled by forces beyond our understanding. The rise of science and Descartes's division of mind from world made materialism our ruling paradigm, in the process asking whether our own consciousness—i.e., souls—might be illusions. Now the inexorable rise of technology, with artificial intelligences that surpass our comprehension and control, and the spread of digital metaphors for self-understanding, the core questions of existence—identity, knowledge, the very nature and purpose of life itself—urgently require rethinking.

Meghan O'Gieblyn tackles this challenge with philosophical rigor, intellectual reach, essayistic verve, refreshing originality, and an ironic sense of contradiction. She draws deeply and sometimes humorously from her own personal experience as a formerly religious believer still haunted by questions of faith, and she serves as the best possible guide to navigating the territory we are all entering.

“GOD, HUMAN, ANIMAL, MACHINE is a hybrid beast, a remarkably erudite work of history, criticism and philosophy, but it is also, crucially, a memoir.” —Becca Rothfeld, *The New York Times*

“A captivating portrait of how digital technology has fundamentally transformed both intellectual and religious thinking.” —*Los Angeles Review of Books*

“Illuminating ... [A] very personal account of a painful philosophical evolution. A compelling reminder that the deepest philosophical queries guide and shape life.” —★*Booklist* (starred review)

“[A] truly fantastic book.”—Ezra Klein

“One of the strongest essayists to emerge recently on the scene has written a strong and subtle rumination of what it means to be human. SAVING TIME: *Discovering A Life Beyond the Clock*

****US RIGHTS SOLD IN A 12 BIDDER (17 IMPRINT) AUCTION ****

****UK RIGHTS SOLD IN AN 11 BIDDER AUCTION ****

****A *New York Times* Bestseller ****

A radical argument that we are living on the wrong clock—one that tells us time is money—and that there are other ways of experiencing time that offer bold, hopeful possibilities for ourselves and the planet from the *New York Times* bestselling author of *How to Do Nothing*.

Our daily experience, dominated by the corporate clock that so many of us contort ourselves to fit inside, is destroying us. It wasn't built for people, it was built for profit. This is a book that tears open the seams of reality as we know it—the way we experience time itself—and rearranges it, reimagining a world not centered around work, the office clock, or the profit motive. Explaining how we got to the point where time became money, Odell offers us new models to live by—inspired by pre-industrial cultures, ecological, and geological time—that make a more humane, more hopeful way of living seem possible.

In this dazzling, subversive, and deeply hopeful reframing of time, Jenny Odell takes us on a journey through other temporal habitats. As planet-bound animals, we live inside shortening and lengthening days, alongside gardens growing, birds migrating, and cliffs eroding. The stretchy quality of waiting and desire, the way the present may suddenly feel marbled with childhood memory, the slow but sure procession of a pregnancy, or the time it takes to heal from injuries—physical or emotional. Odell urges us to become stewards of these different rhythms of life, to imagine a life, identity, and source of meaning outside of the world of work and profit, and to understand that the trajectory of our lives—or the life of the planet—is not a foregone conclusion. In that sense, “saving” time—recovering its fundamentally irreducible and inventive nature—could also mean that time saves us.

“Saving Time is an exposé of our past, an antidote to our present, and a manifesto for the future. ... It is one of the most important books I've read in my life.”

— Ed Yong, author of *An Immense World*

“Odell's journey to find the best way to use our limited time on earth is an eye-opening look at what it really means to be alive” — *TIME*

It is in the gap between present and future, where outcomes are not yet determined, that Jenny Odell enters with her paradigm-destroying new book ... [A] grand, eclectic, wide-ranging work

READING ARISTOTLE NAKED

The Art and Science of Knowing Your Self

While there are thousands of self-help books in the marketplace there is no popular book that explains what the self actually is -- *Reading Aristotle Naked* changes this by offering a sharp, witty, and holistic tour of the nested processes that define the self.

Reading Aristotle Naked takes readers on a beguiling journey behind the scenes of their lived experience, peeling back the layers of the self by weaving together the most important discoveries in quantum mechanics, cellular biology, neuroscience, linguistics, behavioral science, psychology, psychedelics, and beyond, with the wisdom of our ancient traditions and modern philosophers. Offering profound ideas about what underlies the nature of being, *Reading Aristotle Naked* is more than just a compendium of abstract theories and scientific facts. It also explains how these notions can be applied to our ordinary lives by offering practical suggestions for living well and transcending the self, grounded by the author’s own search for self-knowledge.

HOW TO THINK LIKE A WOMAN: *Four Woman Philosophers Who Taught Me How to Love the Life of the Mind*

From a bold new voice in nonfiction, an exhilarating account of the lives and works of influential 17th and 18th century feminist philosophers Mary Wollstonecraft and her predecessors who have been written out of history, and a searing look at the author’s experience of patriarchy and sexism in academia.

As a young woman growing up in small-town Iowa, Regan Penaluna daydreamed about the big questions: Who are we and what is this strange world we find ourselves in? In college she fell in love with philosophy and chose to pursue it as an academician, the first step, she believed, to becoming a self-determined person living a life of the mind. What Penaluna didn’t realize was that the Western philosophical canon taught in American universities, as well as the culture surrounding it, would slowly grind her down through its misogyny, its harassment, its devaluation of women and their intellect. Where were the women philosophers?

One day, in an obscure monograph, Penaluna came across Damaris Cudworth Masham’s name. The daughter of philosopher Ralph Cudworth and a contemporary of John Locke, Masham wrote about knowledge and God, and the condition of women. Masham’s work led Penaluna to other remarkable women philosophers of the era: Mary Astell, who moved to London at age twenty-one and made a living writing philosophy; Catharine Cockburn, a philosopher, novelist, and playwright; and the better-known Mary Wollstonecraft, who wrote extensively in defense of women’s minds. Together, these women rekindled Penaluna’s love of philosophy and awakened her feminist consciousness.

In *How to Think Like a Woman*, Regan Penaluna blends memoir, biography, and criticism to tell the stories of these four women, weaving throughout an alternative history of philosophy as well as her own search for love and truth. Funny, honest, and wickedly intelligent, this is a moving meditation on what philosophy could look like if women were treated equally.

HOW TO MAKE HERSELF AGREEABLE TO EVERYONE: A *Memoir*

A fierce and innovative memoir that explores who holds the power in an image-obsessed culture, from a model and activist who helped organize the movement to bring equity to the fashion industry.

Now I measure the distance from model to president. You can see it in pictures. It's the distance between Trump's hand and the small of a teenage model's back. It's Marilyn Monroe's breasts to JFK's jaw as he leans in to speak in the only photo that exists of the two.

Scouted by a modeling agent when she was just sixteen years old, Cameron Russell first approached her job with some reservations: She was a precocious and serious student with her sights set on college--not the runway. But it was a job, and modeling seemed to offer young women like herself access to wealth, fame, and influence. Besides, as she was often reminded, "there are a million girls in line" who would eagerly replace her.

A ferocious, visceral memoir, **HOW TO MAKE HERSELF AGREEABLE TO EVERYONE** chronicles how Russell learned to navigate the dizzying space between physical appearance and interiority, and making money in an often-exploitative system. Being "agreeable" led to more success, more bookings, more opportunities to work with the world's top photographers and biggest brands.

As her prominence in fashion grew, Cameron discovered the work of modeling to be deeply isolating and frustrating. Instead of giving her freedom, her job required her to perform the role of compliant femme fatale, in which she found little room for transformation or growth. So she began organizing with her peers, and together they began finding their place in movements for labor rights, climate and racial justice, and brought MeToo to the fashion industry.

Intimate, illuminating, and deeply honest, **HOW TO MAKE HERSELF AGREEABLE TO EVERYONE** is a nuanced examination of beauty, complicity, and the fight for a better world.

THE VERY LAST INTERVIEW

In the spirit of his highly acclaimed and influential book **REALITY HUNGER**, David Shields has composed a mordantly funny, relentlessly self-questioning self-portrait based on questions that interviewers have asked him over forty years.

David Shields decided to gather every interview he's ever given, going back nearly forty years. If it was on the radio or TV or a podcast, he transcribed it. He wasn't sure what he was looking for, but he knew he wasn't interested in any of his own answers. The questions interested him—approximately 2,700, which he condensed and collated to form twenty-two chapters focused on such subjects as Process, Childhood, Failure, Capitalism, Suicide, and Comedy. Then, according to Shields, "the real work began: rewriting and editing and remixing the questions and finding a through-line."

The result is a lacerating self-demolition in which the author—in this case, a late-middle-aged white man—is strangely, thrillingly absent. As Chuck Klosterman says, "Logic suggests that people are best understood through the things they say, but that's not how journalism works. People are actually defined by the questions they get asked (and the degree to which their answers can be framed to prove whatever was already assumed to be true). **THE VERY LAST INTERVIEW** is David Shields doing what he has done dazzlingly for the past twenty-five years: interrogating his own intellectual experience by changing the meaning of what seems both obviously straightforward and obviously wrong."

Praise for **THE VERY LAST INTERVIEW**:

"David Shields's *The Very Last Interview* [is] an amusing compilation of hundreds of short, random-seeming questions that come unaccompanied by answers....Shields, a devoted postmodernist and mix master, seems eager to create new literary genres, or at least to sabotage the old ones." —**Deborah Solomon, *New York Times Book Review***

"A delightful and utterly Shields-ian work. . . a hilarious takedown of the interview process, of his own public persona, and of the journalists themselves, blessedly anonymous, who asked some of the most outrageously mean, out-there, self-important, stupid, and simply impossible questions imaginable. . . Totally deadpan and irresistibly hilarious." —★**Kirkus Reviews (Starred Review)**

"Shields is extraordinarily resourceful in finding new ways to explore the enigmas of identity and experience (while mercilessly satirizing the idiotic formulas of contemporary book talk)." —**Tim Parks**

BRUTALITIES

A searing, vivid memoir that investigates the dynamics of violence, power, desire, and a body pushed to the brink.

Quarantined in a southwestern desert city in the midst of her high-risk pregnancy, Margo Steines felt her life narrow around her growing body, compelling her to reckon with the violence entangled in its history. She was a professional dominatrix in New York City, a homestead farmer in a brutal relationship, a welder on a high-rise building crew, and a mixed martial arts enthusiast; each of her many lives brought a new perspective on how power and masculinity coalesce—and how far she could push her body toward the brink. With unflinching candor, Steines searches for the roots of her erstwhile attraction to pain while charting the complicated triumph of gentleness and love.

"Brutalities is electric with insight, riveted by its commitments—to love and bewilderment, to bearing witness—and utterly propulsive." —**Leslie Jamison, author of *The Empathy Exams***

"*The Zoology of Pain* is a perfect book. Reading it felt like consuming something designed precisely for me and of course, I won't be alone in this—that is the genius of great works of art: they reach our deepest interiors by naming the unspoken ordinary, the things we fear seeing or being seen as. There is nothing ordinary about this book, however. It is a brainy, elegant, erotic, brutal, funny, hypnotic achievement by an author obsessed with the far reaches of what it means to live in a body, and how some kinds of love look like violence while others can be medicine. It has made a devotee of me; I'll read anything Margo Steines ever writes." —**Melissa Febos, author of *Girlhood* and *Whip Smart***

BE NOT AFRAID OF MY BODY: A *Lyrical Memoir*

From an exhilarating new voice, a breathtaking memoir about gay desire, Blackness, and growing up.

Darius Stewart spent his childhood in the Lonsdale projects of Knoxville, navigating school, friendship, and his own family life in a context that often felt perilous. As we learn about his life in Tennessee—and eventually in Texas and Iowa, where he studies to become a poet—he details the obstacles to his most crucial desires: hiding his earliest attraction to boys in his neighborhood, predatory stalkers, doomed affairs, his struggles with alcohol addiction, and his eventual diagnosis with HIV. Through a mix of straightforward memoir, brilliantly surreal reveries, and moments of startling imagery and insight, Stewart's explorations of love, illness, chemical dependency, desire, family, joy, shame, loneliness, and beauty coalesce into a wrenching, musical whole. A lyrical narrative reminiscent of Saeed Jones's *How We Fight for Our Lives* and Kiese Laymon's *Heavy*, *Be Not Afraid of My Body* stands as a compelling testament to growing up Black and gay and to the drive in all of us to collect the fragments of our own experience and transform them into a story that does justice to the multitudes we contain.

"Reading the marvelous (it is indeed a marvel!) *Be Not Afraid of My Body* incited a very particular need in me: to lovingly strike Darius Stewart because what else is there to do when his just-don't-make-no-damn-sense brilliance leaves you ecstatically bewildered? It is a common practice in Black churches: the need to lovingly strike because, say, a member of the choir's voice has inched you closer to the divine. Within these pages is another voice, a literary one, that inches us ever closer to the divine." —**DK Nnuro, author of *What Napoleon Could Not Do***

"*Be Not Afraid of My Body* is a gift, an assembly of grace, wit, candor, outrage, bewilderment, charm, and wisdom of stunning beauty." —**John D'Agata, author of *About a Mountain and The Lifespan of a Fact***

"Darius Stewart is a charming, searching, and unflinching interlocutor, whether he's speaking through the book's presiding influence, Essex Hemphill, or regaling the reader with messy hookups and botched attempts to snort coke through a cigarette. Calling *Be Not Afraid of My Body* artful belies just how readable, dazzlingly propulsive this book is. I already can't wait to read it again." —**Kaveh Akbar, author of *Pilgrim Bell* and *Calling a Wolf a Wolf***

KNOCKING MYSELF UP: *A Memoir of My (In)Fertility*

From PEN/America Award winner, 2021 Guggenheim fellow, and beloved literary and tarot icon Michelle Tea, the hilarious, powerfully written, taboo-breaking story of her journey to pregnancy and motherhood as a 40 year-old, queer woman.

Written in intimate, gleefully TMI prose, *Knocking Myself Up* is the irreverent account of Tea's route to parenthood—with a group of ride-or-die friends, a generous drag queen, and a whole lot of can-do pluck. Along the way she falls in love with a wholesome genderqueer a decade her junior, attempts biohacking herself a baby with black market fertility meds (and magicking herself an offspring with witch-enchanted honey), learns her eggs are busted, and enters the Fertility Industrial Complex in order to carry her younger lover's baby.

With the signature sharp wit and wild heart that have made her a favorite to so many readers, Tea guides us through the maze of medical procedures, frustrations and astonishments on the path to getting pregnant, wryly critiquing some of the systems that facilitate that choice (“a great, punk, daredevil thing to do”). In *Knocking Myself Up*, Tea has crafted a deeply entertaining and profound memoir, a testament to the power of love and family-making, however complex our lives may be, to transform and enrich us.

Praise for KNOCKING MYSELF UP

“With humor, candor and the ease of a veteran storyteller, Tea reminds us that there is no making life in pursuit of a prefigured plan. We learn from what we least expect, propelled toward ‘the outer reaches of love, where it hits the limits of our understanding.’” — *New York Times Book Review*

“Strikingly, [Tea’s] irreverence and humor reads less like a demystification of pregnancy and more like a re-enchantment of it...it’s a story, like much of Tea’s work, about how we take care of each other, in spite of so much.” — *New Republic*

“Wry, witty, authentic...irresistible, evocative and wise.” — *Washington Post*

“Author, poet, tarot legend, and organizer Michelle Tea has long been known as a fairy godmother of the millennial queer set, and in this blazing new memoir, she approaches the subject of parenthood with her signature verve.” — *Vogue*

“Winning, companionable, and intimate; [Tea] has a talent for letting you know her...The central question becomes: How do you have a baby and not lose yourself?” — *The Nation*

TO NAME THE BIGGER LIE: ***A Memoir in Two Stories***

Part coming-of-age story, part psychological thriller, part philosophical investigation, this unforgettable memoir traces the ramifications of a series of lies that threaten to derail the author's life—exploring the line between truth and deception, fact and fiction, and reality and conspiracy.

Sarah's story begins as she's researching what she believes will be a book about her high school philosophy teacher, a charismatic instructor who taught her and her classmates to question everything—in the end, even the reality of historical atrocities. As she digs into the effects of his teachings, her life takes a turn into the fantastical when her wife, Marta, is notified that she's been investigated for sexual misconduct at the university where they both teach.

Based in part on a viral New York Times essay, *To Name the Bigger Lie* follows the investigation as it upends Sarah's understanding of truth. She knows the claims made against Marta must be lies, and as she uncovers the identity of the person behind them and then tries, with increasing desperation, to prove their innocence, she's drawn back into the questions that her teacher inspired all those years ago: about the nature of truth, the value of skepticism, and the stakes we all have in getting the story right.

A compelling, incisive journey into honesty and betrayal, this memoir explores the powerful pull of dangerous conspiracy theories and the pliability of personal narratives in a world dominated by hoaxes and fakes. *To Name the Bigger Lie* reads like the best of psychological thrillers—made all the more riveting because it's true.

"Strange and wonderful.... A book for our times, when singular truths seem less certain with each passing day." —**New York Times Book Review**

"Viren ... has pulled off a magic trick of fantastic proportion. There are elements here of the classic thriller that function like a flock of seductive doves, released to distract the eye. All the while, her other hand is shuffling multiple shells that conceal a critical reading of Plato, an examination of the mechanics of memory, a study of the anatomy of a lie and an analysis of misinformation's insidious creep ... Ever since Dr. Whiles introduced her to Plato's allegory of the cave, the question "What is the sunlight?" has bedeviled Sarah Viren. In writing *To Name the Bigger Lie*, she practices the answer. It is poetry, such as Yevtushenko's *Babi Yar*, which "in sharing that suffering" fights "to keep that truth from being erased or forgotten." It is art. It is a book like this." —**Washington Post**

AN AMERICAN ADOLESCENCE: *My Decade Growing Up Behind Bars*

****sold in a six-figure deal****

At the age of 15, while still a sophomore in high school, Marco Verdoni was put on trial as an adult for attempted murder — a crime of revenge against his girlfriend’s alleged rapist — and given a ten-year minimum sentence in Michigan state prison. Tracing Marco’s story from the year before his arrest to a few years after his release, *An American Adolescence* follows Marco as he grows up in prison, transforming from a lovesick teenager into a hardened convict. Forced to adapt to the realities of the penal system in order to survive — Marco joins a prison gang, learns to fight over even minor acts of disrespect, and tries to come to terms with what happened the night of his arrest, all while contending with the ever-present threat of beatings, stabbings, rape, and the possibility that he may never get out.

A transformative story about a boy’s coming of age in prison, *An American Adolescence* will appeal to readers of *Orange Is the New Black* by Piper Kerman, as well as those interested in stories about unconventional childhoods, such as *Educated* by Tara Westover and *The Glass Castle* by Jeanette Walls.

Advance Praise:

“It’s not easy to write a heartbreaking book about growing up in prison and also make it funny, but that’s exactly what Marco Verdoni has accomplished with his brilliant memoir. .. Verdoni is a writer to watch.”

AMERICAN PURGATORY: *Prison Imperialism and the Rise of Mass Incarceration*

A groundbreaking look at how America exported mass incarceration around the globe, from a rising young historian

In this explosive new book, historian Benjamin Weber reveals how the story of American prisons is inextricably linked to the expansion of American power around the globe.

A vivid work of hidden history that spans the wars to subjugate Native Americans in the mid-nineteenth century, the conquest of the western territories, and the creation of an American empire in Panama, Puerto Rico, and the Philippines, *American Purgatory* reveals how “prison imperialism”—the deliberate use of prisons to control restive, subject populations—is written into our national DNA, extending through to our modern era of mass incarceration. Weber also uncovers a surprisingly rich history of prison resistance, from the Seminole Chief Osceola to Assata Shakur—one that invites us to rethink the scope of America’s long freedom struggle.

Weber’s brilliantly documented text is supplemented by original maps highlighting the global geography of prison imperialism, as well as illustrations of key figures in this history by the celebrated artist Ayo Scott. For readers of Michelle Alexander’s *The New Jim Crow*, here is a bold new effort to tell the full story of prisons and incarceration—at home and abroad—as well as a powerful future vision of a world without prisons.

“American Purgatory will forever change how we understand the rise of mass incarceration. It will forever change how we understand this country.” —Clint Smith, bestselling author of *How the Word Is Passed: A Reckoning with the History of Slavery Across America*

“A must-read, *American Purgatory* makes clear that truly understanding the depth of today’s carceral crisis means recognizing it as a global apparatus—one that has always informed how this nation maintains white supremacy as well as manages acts of resistance and self-determination not simply within its own borders, but around the world.”

BIRDER, SHE WROTE: A *Meg Langslow* Mystery

New York Times bestselling author Donna Andrews first introduced us to Meg Langslow as a crime-solving bridesmaid. In her 32nd mystery, *Birder, She Wrote*, Meg must return to her sleuthing ways once again...

Meg is relaxing in the hammock, taste-testing Michael's latest batch of Arnold Palmers and watching the hummingbirds at their feeders when her hopes for a relaxing early summer morning are dashed.

First her father recruits her to help him install a new batch of bees in the hive in her backyard. Then Mayor Shiffley recruits her to placate the NIMBYs (Not in my backyard), as she calls them – a group of newcomers to Caerphilly who have built McMansions next door to working farms and then do their best to make life miserable for the farmers. And finally Meg's grandmother, shows up, trailed by a nosy reporter who is writing a feature on her for a genteel Southern ladies' magazine.

Cordelia drafts Meg to accompany her and Deacon Washington of the New Life Baptist Church – and the reporter, alas – in their search for a long-lost African-American cemetery. Unfortunately what they discover is not an ancient cemetery but a fresh corpse. Can Meg protect her grandmother – and Caerphilly – from the reporter who seems to see the worst in everything . . . and help crack the case before the killer finds another victim?

Praise for the *Meg Langslow* Mysteries series:

CENTRAL PLACES

**** SOLD IN A SIX-FIGURE PREEMPT ****

A young woman’s rootless past and uncertain future collide when she brings her white fiancé home to meet her Chinese immigrant parents, toppling her carefully constructed life, in this vibrant, insightful debut from an exciting new voice in fiction.

Audrey Zhou left Hickory Grove, the tiny central Illinois town where she grew up, as soon as high school ended, and she never looked back. She moved to New York City and became the person she always wanted to be, complete with a high-paying, high-pressure job and a seemingly faultless fiancé. But if she and Manhattan-bred Ben are to build a life together, in the dream home his parents will surely pay for, Audrey can no longer hide him, or the person she’s become, from those she left behind.

But returning to Hickory Grove is . . . complicated. Audrey’s relationship with her parents has been soured by years of her mother’s astronomical expectations and slights. The friends she’s shirked for bigger dreams have stayed behind and started families. And then there’s Kyle, the easygoing stoner and her unrequited crush from high school that she finds herself drawn to again. Ben might be a perfect fit for New Audrey, but Kyle was always the only one who truly understood her growing up, and being around him again after all these years has Old Audrey bubbling up to the surface.

Over the course of one disastrous week, Audrey’s proximity to her family and to Kyle forces her to confront the past and reexamine her fraught connection to her roots before she undoes everything she’s worked toward and everything she’s imagined for herself. But is that life really the one she wants?

“Delia Cai’s *Central Places* is a sensitive, sharp-eyed, slyly funny story of venturing back into the foreign country that is your past—and discovering that you can never really shake the places and people that shaped you.” —Celeste Ng, author of *Little Fires Everywhere*

“With prose that flies at a breakneck speed, “*Central Places*” digs deeper than the average romantic comedy into the social anxieties that underlie the characters who populate such stories... Cai ... paints a sobering portrait of small-town America, not as a place the ambitious and conscientious must flee but as a site of reckoning — between past and present, stereotype and reality, and the differences between those who call it home.” – *The Washington Post*

YOU DREAMED OF EMPIRES

Álvaro Enrigue returns to sixteenth century Mexico, in his wildly inventive new novel, to reimagine the final face-off between Cortes and Moctezuma, where Malinalli and a hallucinogenic cactus will save the empire, rout Cortes, and rewrite the history of the world.

Part revisionist epic, part sublime comedy *Of Empires Was Your Dream* takes place over a span of seven hours, as the Aztec Emperor Moctezuma hosts Cortes and his fellow Spanish conquistadors at the Emperor's palace in Tenochtitlan, all the while unaware that the Spaniards have amassed enemy forces at the empire's gates.

Moctezuma, for his part, is an emperor in the late style—decadent, melancholic and retreating from political life into the company of his priests and shamans. Having sent his Empress, along with his priests and chief counsel, to host their guests, Moctezuma spends the better part of a languid afternoon locked away from the conflict, lunching, napping, and taking increasing doses of hallucinogens. Meanwhile, over an elaborate and nauseating meal with the Spaniards, the empress Atotozin and Tenochtitlan's mayor are confounded and overcome with concern that the empire will be lost to hostile guests whom they have welcomed.

Told in four parts—Before the Siesta, The Imperial Nap, The Afternoon and Hernan Cortes' Dream—the novel closely chronicles the unfolding diplomatic drama—from the folly of the conquistadors, to the palace intrigue of nobles, to the psychedelic religiosity of the emperor. Painting on a rich historic canvas, the novel takes up the question of civilization—turning on its head the civilized and the civilizer—with humor, levity, and not without blood.

Praise for *SUDDEN DEATH*:

NOW I SURRENDER AND THAT IS ALL: THE BOOK OF GERONIMO

“Álvaro Enrígue... belongs to many literary traditions at once and shows a great mastery of them all” –Carlos Fuentes

In *THE BOOK OF GERONIMO*, his sweeping nineteenth century epic set in the shadows of the Mexican War of Independence, Herralde Prize winner (*SUDDEN DEATH*) Álvaro Enrígue chronicles the last days of the Apache Wars in this searching tale of conquest and resistance.

When the Apaches abduct Camila Ezguerra, a young widow from a northern outpost in the state of Chihuahua, this act of revenge sets off a search throughout the territory by a ragtag army of the nascent Mexican state. At the helm of this band of motley soldiers is Lieutenant Coronel Jose Maria Zuloaga, a Quixote of the Old West, whose troops include a gun-toting nun, an elderly dance teacher and a twin pair of freed Yaqui prisoners riding across the vast Apache territory in search of the abducted woman. As the story of Zuloaga and the Apaches unfolds, the novel telegraphs forward a half a century to Geronimo’s last stand against the US Army, and the curious allegiances and intrigues American officials that lead to Geronimo’s capture. Uniting these strands is a mystery at the center of the novel in the form of Camila and her ultimate transformation as she and her captors travel deep into Apache territory.

In this magisterial novel, Enrígue plumbs the depths of the North American imaginary of the Old West through a series of reversals that defy the narrative of cowboys and Indians, saviors and saved, Mexicans and Americans.

In turn brutal, tender, comic, and utterly masterful, *THE BOOK OF GERONIMO* displays Enrígue’s, penchant for the absurd and keen eye for the bloody history of the Americas. *THE BOOK OF GERONIMO* is a revisionist Western for our age.

Praise for *SUDDEN DEATH*:

BURNING FLOOR OF HELL: *Stories*

“In the horror and short story spheres, there’s no contemporary writer in America whose collections excite me more than those of Brian Evenson.” –Mona Awad, *Author of BUNNY*

A sentient, murderous prosthetic leg; shadowy creatures lurking behind a shimmering wall; brutal barrow men—of all the terrors that populate *The Glassy, Burning Floor of Hell*, perhaps the most alarming are the beings who decimated the habitable Earth: humans. In this new short story collection, Brian Evenson envisions a chilling future beyond the Anthropocene that forces excruciating decisions about survival and self-sacrifice in the face of toxic air and a natural world torn between revenge and regeneration. Combining psychological and ecological horror, each tale thrums with Evenson’s award-winning literary craftsmanship, dark humor, and thrilling suspense.

SWIMMING BACK TO TROUT RIVER

A lyrical novel set against the backdrop of China's Cultural Revolution that follows a father's quest to reunite his family before his precocious daughter's momentous birthday, which Garth Greenwell calls "one of the most beautiful debuts I've read in years."

In the summer of 1986 in a small Chinese village, ten-year-old Junie receives a momentous letter from her parents, who had left for America years ago: her father promises to return home and collect her by her twelfth birthday. But Junie's growing determination to stay put in the idyllic countryside with her beloved grandparents threatens to derail her family's shared future.

What Junie doesn't know is that her parents, Momo and Cassia, are newly estranged from one another in their adopted country, each holding close private tragedies and histories from the tumultuous years of their youth during China's Cultural Revolution. While Momo grapples anew with his deferred musical ambitions and dreams for Junie's future in America, Cassia finally begins to wrestle with a shocking act of brutality from years ago. In order for Momo to fulfill his promise, he must make one last desperate attempt to reunite all three members of the family before Junie's birthday—even if it means bringing painful family secrets to light.

In *SWIMMING BACK TO TROUT RIVER*, Linda Rui Feng elegantly weaves together the stories of Junie, Momo, Cassia, and Dawn—a talented violinist from Momo's past—while depicting their heartbreak and resilience, tenderly revealing the hope, compromises, and abiding ingenuity that make up the lives of immigrants.

"With lean prose and assured storytelling, this debut novel describes a family fractured by geography, ambition and the ripple effects of China's tumultuous 20th-century history." —*New York Times Book Review*

"With disarmingly quiet prose, Feng digs beneath Cassia's and Momo's reluctance to mine their emotional depths as they struggle to grasp their individual experiences as well as their fractured relationship. Filled with tragedy yet touched with life-affirming passion."

THE SELECTED POEMS OF ESSEX HEMPHILL

The Selected Poems of Essex Hemphill is a new collection that celebrates the work and legacy of Essex Hemphill, a seminal poet known for his writing on Black and gay life in the late twentieth century.

“When I die,/honey chil’/my angels/will be tall/Black drag queens,” writes Essex Hemphill, who caught America by surprise – and grabbed its undivided attention – with his collection *Ceremonies*, first published to acclaim in 1992. *The Selected Poems of Essex Hemphill* brings together his charged, emotionally resonant poems from across his career, all of which reject popular notions of Black and gay tropes, and work to integrate all of Essex’s identities into a functioning self.

Edited by renowned literary critic Robert Reid-Pharr and award-winning poet John Keene (Annotations, Counternarratives), this selection will be the first publication of Essex Hemphill’s work in the twenty-first century. The result is a ceremony of life – Black, gay, outrageous, and brilliant.

Praise for CEREMONIES:

“Astounding. No voice speaks with more eloquent, thought-provoking clarity about contemporary Black gay life than that of Essex Hemphill” –Marlon Riggs

“The prose sings with lyricism, the poetry sears with content. Hemphill is like an Old Testament prophet, exhorting us with ethical passion. He is exactly what we need at this hour.” –Martin Duberman

“This collection of poems, prose and essays by Essex Hemphill is my go-to carry-around book. It includes words of wonder, sadness and critique all centered around the black gay experience — especially heightened within the AIDS epidemic.” –Deb Hyne, (aka Blood Orange)

THE OTHER VALLEY

****Sold in a 6-figure preempt for two titles****

****Universal won television rights to the title in a heated 10-way auction with Working Title attached to produce****

To the east is the future. To the west is the past. If you were permitted to cross the valley's border, which direction would you go?

For fans of David Mitchell, Ruth Ozeki, and Kazuo Ishiguro, an exquisite literary speculative novel about an isolated town neighbored by its own past and future.

Sixteen-year-old Odile vies for a coveted seat on the Conseil. If she earns the position, she'll decide who may cross her town's heavily guarded borders. On either side, it's the same valley, the same town. To the east, the town is twenty years ahead in time. To the west, it's twenty years behind. The towns repeat in an endless sequence across the wilderness.

When Odile recognizes two visitors she wasn't supposed to see, she realizes that the grieving parents of her friend Edme have been escorted across the border, on a mourning tour, to view their son while he's still alive in Odile's present. Edme—who is brilliant, funny, and the only person to truly know Odile—is about to die. Sworn to secrecy in order to preserve the timeline, Odile now becomes the Conseil's top candidate. Yet she finds herself drawing closer to the doomed boy, imperiling her entire future.

****NYT TOP TEN BOOK OF THE YEAR****

****AN OPRAH'S BOOKCLUB SELECTION****

From the *New York Times* bestselling author of *Unsheltered* and *Flight Behavior*, a brilliant novel which enthralls, compels, and captures the heart as it evokes a young hero's unforgettable journey to maturity.

Demon Copperhead is set in the mountains of southern Appalachia. It's the story of a boy born to a teenaged single mother in a single-wide trailer, with no assets beyond his dead father's good looks and copper-colored hair, a caustic wit, and a fierce talent for survival. In a plot that never pauses for breath, relayed in his own unsparing voice, he braves the modern perils of foster care, child labor, derelict schools, athletic success, addiction, disastrous loves, and crushing losses. Through all of it, he reckons with his own invisibility in a popular culture where even the superheroes have abandoned rural people in favor of cities.

Many generations ago, Charles Dickens wrote *David Copperfield* from his experience as a survivor of institutional poverty and its damages to children in his society. Those problems have yet to be solved in ours. Dickens is not a prerequisite for readers of this novel, but he provided its inspiration. In transposing a Victorian epic novel to the contemporary American South, Barbara Kingsolver enlists Dickens' anger and compassion, and above all, his faith in the transformative powers of a good story. *Demon Copperhead* speaks for a new generation of lost boys, and all those born into beautiful, cursed places they can't imagine leaving behind.

"May be the best novel of 2022. . . . Equal parts hilarious and heartbreaking, this is the story of an irrepressible boy nobody wants, but readers will love."—Ron Charles, *Washington Post*

"An Appalachian David Copperfield. . . . Kingsolver's novel sweeps you along just as powerfully as the original does."—*New York Times*

"A serpentine, hard-striking tale of profound dimension and resonance."—★*Booklist* (starred)

LANDSCAPES

An entrancing and prismatic debut novel, set in a near future fraught with ecological collapse, *Landscapes* brilliantly explores memory, empathy, preservation, and art as an instrument for recollection and renewal.

In the English countryside—decimated by heat and drought—Penelope archives what remains of an estate’s once notable collection. As she catalogues the library’s contents, she keeps a diary of her final months in the dilapidated country house that has been her home for two decades and a refuge for those who have been displaced by disasters. Out of necessity, Penelope and her partner, Aidan, have sold the house and its scheduled demolition marks the pressing deadline for completing the archive. But with it also comes the impending return of Aidan’s brother, Julian, at whose hands Penelope suffered during a brief but violent relationship twenty-two years before. As Julian’s visit looms, Penelope finds herself unable to suppress the past, and she clings to art as a means of understanding, of survival, and of reckoning.

Recalling the works of Rachel Cusk and Kazuo Ishiguro, *Landscapes* is an elegiac and spellbinding blend of narrative, essay, and diary that reinvents the pastoral and the country house novel for our age of catastrophe, and announces the arrival of an extraordinarily gifted new writer.

TUNNELS

Two-time Eisner Award winner Rutu Modan's third graphic novel, *TUNNELS*, is her deepest and wildest yet. Potent and funny, Modan reveals the Middle East as no westerner could.

When a great antiquities collector is forced to donate his entire collection to the Hebrew University in Jerusalem, his daughter Nili Broshi sees her last chance to finish an archaeological expedition begun decades earlier—a dig that could possibly yield the most important religious artifact in the Middle East. Motivated by the desire to reinstate her father's legacy as a great archaeologist after he was marginalized by his rival, Nili enlists a ragtag crew—a religious nationalist and his band of hilltop youths, her traitorous brother, and her childhood Palestinian friend, now an archaeological smuggler. As Nili's father slips deeper into dementia, warring factions close in on and fight over the Ark of the Covenant!

Backed by extensive research into this real-world treasure hunt, Rutu Modan sets her affecting novel at the center of a political crisis. She posits that the history of biblical Israel lies in one of the most disputed regions in the world, occupied by Israel and contested by Palestine. Often in direct competition, Palestinians and Israelis dig alongside one another, hoping to find the sacred artifact believed to be a conduit to God.

* *TUNNELS* was originally published in Hebrew by Keter Books, and was translated into English by Ishai Mishory.

BENEFIT

“A smart, razor-sharp exploration of the precarious island of academic life and the cold unforgiving waters that surround it.” —Jenny Offill, *author of Dept. of Speculation and Weather*

Laura, a student from a modest background, escapes her small town to join the ranks of the academic elite on a Weatherfield fellowship to study at Oxford University. She enthusiastically throws herself into her coursework, yet she is never able to escape a feeling of unease and dislocation among her fellow chosen “students of promise and ambition.”

Years later, back in the United States with a PhD and dissertation on Henry James, she loses her job as an adjunct professor and reconnects with the Weatherfield Foundation. Commissioned to write a history for its centennial, she becomes obsessed by the Gilded Age origins of the Weatherfield fortune, rooted in the exploitation and misery of sugar production. As she is lured back into abandoned friendships within the glimmering group, she discovers hidden aspects of herself and others that point the way to a terrifying freedom.

BENEFIT is a vivid story of personal awakening that offers a withering critique of toxic philanthropy and the American meritocracy.

RULES FOR GHOSTING

****Sold in a 6-figure preempt****

Twenty-eight-year-old Ezra Friedman is only a little bit clairvoyant, but enough to make growing up in a funeral home miserable. Maybe it wouldn't have been so bad if his Zayde's ghost didn't keep giving him this look of betrayal and disapproval as he went through an HRT-induced second puberty, or if the dead's hands weren't so cold. But, it's no wonder that Ezra would want to get as far away as possible from the family business.

With his parents' marriage imploding, Ezra finds himself pulled back into the effort to help save the Friedman Family Memorial Chapel from financial ruin. That means long days of puzzling out his mom's cryptic filing systems while surrounded by the ghosts no one else can see, while balancing his role as referee between the warring factions of his family. Add in his unfortunate crush on the cute funeral home volunteer who just happens to live downstairs from where Ezra and his ex are now living together as friends, and the new ghost who keeps breaking every spectral rule Ezra's managed to figure out about the dead, and Ezra's more than ready to make another run for the hills.

The more Ezra learns about the tangled web of secrets that haunt the Chapel's halls, the harder it is to maintain the distance that (he thought) kept him sane. As the pressure mounts to figure out how to keep the funeral home from being snapped up by a corporate "body farm", Ezra is forced to do something he never thought possible.

RULES FOR GHOSTING combines the humor, fraught-but-loving family dynamics, and obsession with death seen in books like **MOSTLY DEAD THINGS**, **ONE LAST STOP**, and **FUN HOME**. It is the gay, Jewish, **SIX FEET UNDER** we've all been waiting for.

Praise for RULES FOR GHOSTING:

"As unabashedly queer as it is loudly and beautifully Jewish, **RULES FOR GHOSTING** is one of the most unique, poignant novels I've read in a long, long time. Ezra's journey through self, complicated family dynamics, and opening up to new love was one I'll never forget. Throw in a looming ghost or two and this book truly has it all." —**Carlyn Greenwald, author of SIZZLE REEL**

IDLEWILD

Idlewild is a tiny, artsy Quaker high school in lower Manhattan. Students call their teachers by their first names, there are no grades or awards, and every day begins with 20 minutes of contemplative silence. It is during one of those moments of worship that two airplanes hit the World Trade Center.

For two Idlewild outcasts, 9/11 serves as the first day of an intense, 18-month friendship. Fay is a prickly, aloof rich kid who is obsessed with gay men; Nell is a shy, sensitive scholarship student who is obsessed with Fay. The two of them bond fiercely over being the only two openly queer kids at Idlewild. But, as they rehearse for the school's production of *Othello*, they notice two sexually ambiguous boys, Theo and Christopher, who are potential candidates for their exclusive Invert Society (née Gay-Straight Alliance). The pairs become mirrors of one another's desires, anxieties, and loneliness. Their devotion to one another becomes an obsession, driving them to do things that they'll regret for the rest of their lives.

Looking back on these events as adults, Fay and Nell, who haven't spoken to each other in fifteen years, are haunted by shame over their Idlewild days. From alternating perspectives, they wonder if they could have done anything to save their friendship, or if it was meant to remain an artifact that couldn't have existed outside of Idlewild's walls.

A darkly funny and much gayer imagining of the classic prep school novel, IDLEWILD will appeal to readers of Curtis Sittenfeld's PREP and Donna Tartt's THE SECRET HISTORY.

Praise for IDLEWILD

"[An] intoxicating debut." —Publishers Weekly

"Idlewild toes the delicate line between darkly biting and empathetic. It's loud and funny and raucous, and yet, it sneaks up on you. With truths about living in the 2000s, the searing pain of looking back, and the absolute madness of having a best friend, James nails the heartbreak of being a theater kid and the humiliation of growing up."

—Kiley Reid, author of SUCH A FUN AGE

"[A] hilarious and sexy debut . . . Equal parts funny and insightful, this is a propulsive exploration of gender identity, sexuality, and self-discovery." —Kirkus

THE DEVIL YOU KNOW

Detective Margaret Nolan Series #3

Darkness is nothing new to LAPD Detective Margaret Nolan, but in P.J. Tracy's *The Devil You Know*, even she isn't prepared for the scandalous deception of deadly proportions that shakes the very foundation of Hollywood and its untouchables...and leaves her entangled in its rotten core. Beloved actor Evan Hobbes is found in the rubble of a Malibu rockslide, a day after a fake video ruins his career. Meanwhile, Hobbes's agent is dealing with damage control, his psychotic boss, and a woman he's scorned.

OUT OF ESAU: A Novel

When a woman questioning her marriage encounters the kind and steadfast pastor of her small town, they are both forced to reconsider their pasts, their faith, and their future.

Robert Glory has never quite felt as though he fit in the small town of Esau, Michigan, but he finds solace in his role as the pastor of Esau Baptist and in his spare, orderly routine. When Susan Shearer arrives at his church seeking the strength to stay true to her increasingly volatile husband, neither expect that their immediate connection will upend both of their lives. As their relationship deepens and Susan's life at home becomes more unstable, Robert and Susan are forced to confront the wounds that have shaped them and discover if they still have the power to change.

Told from five different perspectives—including Susan's husband, Randy, her brilliant but high-strung young daughter, Willa, and Robert's long-estranged mother, Leotie—*Out of Esau* is a visceral look at the dynamics of an abusive marriage, a nuanced portrait of faith and its loss, and a sweeping story of redemption.

THE HIDDEN PALACE

The long-awaited sequel to the *New York Times* bestseller **THE GOLEM AND THE JINNI**

Chava is a golem, a woman made of clay, able to hear the thoughts and longings of the humans around her, and compelled to help them. Ahmad is a jinni, a being of fire now imprisoned in the shape of a man, perpetually restless and free-spirited. Having met as two unlikely immigrants in 1899 Manhattan, their lives have become deeply intertwined, but they must decide what, exactly, they mean to each other—all while living disguised as humans, constantly fearing they'll be exposed as monsters.

Meanwhile, Park Avenue heiress Sophia Winston, whose brief encounter with Ahmad has left her with a strange illness that makes her shiver with cold, travels to the Middle East to seek a cure. There she meets a tempestuous female jinni who's been banished from her tribe for her own untreatable condition. And in a tenement on the Lower East Side, a little girl named Kreindel helps her rabbi father build a golem that she names Yossele. When she is sent to an uptown orphanage, the hulking golem will become her only friend and companion.

Spanning the tumultuous years from the turn of the 20th century to the beginning of World War I, *The Hidden Palace* follows these lives and others as they collide and interweave. Can Chava and Ahmad find their places in the human world while remaining true to each other? Or will their own natures and desires conspire to tear them apart—especially once they encounter, thrillingly, other creatures of their own kinds?

Praise for THE HIDDEN PALACE:

“A blend of romance, Mary Shelley-esque horror, and folklore.... Wecker skillfully combines the storylines of Chava the Golem and Ahmad the Jinni and numerous other players, good and evil, in an enchanting tale that pleases on every page.” —★*Kirkus Reviews* (Starred Review)

“Impressive...storytelling à la Dickens...A satisfying, mature sequel to *The Golem and the Jinni*, continuing the magical story of two immigrant mythological characters from the turn of the 20th century to the outbreak of WWI.” —*Publishers Weekly*

“Fans of THE GOLEM AND THE JINNI have waited eight years for this sequel, a minor eternity perfectly in keeping with the precarious immortality of Wecker's hopeful monsters. It has been worth the wait.” —★*BookPage Magazine* (Starred Review)

HOW TO CARE FOR A HUMAN GIRL

From “a writer at the top of her game” (*The New York Times*) comes a bighearted and sharply funny debut novel about two estranged sisters and the crossroads they face after becoming unexpectedly pregnant at the same time.

Two years after the death of their mother, Jada and Maddy Battle both face unplanned pregnancies. Jada, a thirty-one-year-old psychology PhD student living in Pittsburgh, quietly obtains an abortion without telling her husband, but the secret causes turmoil in her already shaky marriage. Back home in rural Pennsylvania, nineteen-year-old Maddy, who spends her time caring for birds at a wildlife rehabilitation center, is paid off by the man who got her pregnant to get an abortion. But an unsettling visit to a crisis pregnancy center adds to her doubts about whether to go through with it.

Although Maddy still hasn’t forgiven Jada for a terrible betrayal, she goes to her for support, only to discover the cracks in the façade of her sister’s seemingly perfect life. As their past resentments boil over, the sisters must navigate the consequences of their choices and determine how best to care for themselves and each other.

With luminous prose and laser-sharp psychological insight, *How to Care for a Human Girl* is a compassionate and unforgettable examination of the complexities of choice, the special intimacy of sisterhood, and the bizarre ways our heated political moment manifests in daily life.

“Wurzbacher...deploys her encyclopedic command of various ideas, regions, professions and lexicons with the authority of seasoned masters like Adam Johnson. This is a writer at the top of her game; but hopefully she’s only just getting started.” —*The New York Times*

“Wurzbacher’s incisive, polychromatic story collection centers on the dizzying complexities of female friendships: how they fray and mend over time and are often imbued with the intensity of love affairs.” —*Oprah Magazine*

“Wurzbacher dives into the lives of women in this brilliant collection, examining the ways they live and relate to each other while harboring their own secrets and feelings. Her lyrical prose and unflinchingly confrontational voice are powerful and captivating.” —★*Booklist* (Starred Review)

“I love these dark, lyrical, sinewy stories about women’s relationships with their bodies and with each other. It’s the sort of theme that could feel irritably well-trod, but that’s not the case here at all; these stories surprised me at every turn. And the writing is so gorgeous!” —Carmen Maria Machado, judge, 2019 John Simmons Short Fiction Award

STRAW DOGS OF THE UNIVERSE

A harrowing and redemptive immigrant story for readers of *Pachinko*

A sweeping historical novel of the American West from the little-seen perspective of those who helped to build it, **STRAW DOGS OF THE UNIVERSE** traces the story of one Chinese father and his young daughter, desperate to find him against all odds.

After her village is devastated by famine, 10-year-old Sixiang is sold to a human trafficker for a bag of rice and six silver coins. Her mother is reluctant to let her go, but the promise of a better life for her beloved daughter ultimately sways her. Arriving in America with the profits from her sale and a single photograph of Guifeng, her absent father, Sixiang journeys across an unfamiliar American landscape in the hopes of reuniting her family.

As she makes her way through an unforgiving new world, her father, a railroad worker in California, finds his attempts to build a life for himself both upended and defined by a long-lost love and the seemingly inescapable violence of the American West. A generational saga ranging from the villages of China to the establishment of the transcontinental railroad and the anti-Chinese movement in California, *Straw Dogs of the Universe* considers the tenacity of family ties and the courage it takes to survive in a country that rejects you, even as it relies upon your labor.

PRAISE FOR STRAW DOGS OF THE UNIVERSE:

“Hauntingly beautiful and exquisitely written, *Straw Dogs of the Universe* shines much-needed light on a historical period that we must not forget if we want to do better as a human race. This book is a treasure, to be read and re-read, as the best poems should be.” —Nguyễn Phan Quế Mai, internationally bestselling author of *The Mountains Sing* and *Dust Child*

Hao: Stories

****Sold in a two-book deal, for a collection and a novel****

An extraordinary debut collection of short stories by a three-time Pushcart Prize winner following Chinese women in both China and the United States who turn to signs and languages as they cross the alien landscapes of migration and motherhood.

“Hao is the most common word in Chinese, a ubiquitous syllable people utter and hear all the time, which is supposed to mean good. But what is hao in this world, where good books are burned, good people condemned, meanness considered a good trait, violence good conduct? People say hao when their eyes are marred with suspicion and dread. They say hao when they are tattered inside.”

By turns reflective and visceral, the stories in *Hao* examine the ways in which women can be silenced as they grapple with sexism and racism, and how they find their own language to define their experience.

In “Gold Mountain,” a young mother hides above a ransacked store during the San Francisco anti-Chinese riot of 1877. In “A Drawer,” an illiterate mother invents a language through drawing. And in “Stars,” a graduate student loses her ability to speak after a stroke. Together, these twelve stories create “an unsettling, hypnotic collection spanning centuries, in which language and children act simultaneously as tethers and casting lines, the reasons and the tools for moving forward after trauma. You’ll come away from this beautiful book changed” (Julia Fine, author of *The Upstairs House*).

Longlisted for the Andrew Carnegie Medal for Excellence in Fiction

****An *Indie Next* selection, a *Lit Hub*’s Best Book of 2021, a New York Public Library’s Best Book of 2021, & an *Electric Lit*’s Favorite Short Story Collection of 2021****

“Stunning . . . A powerful collection that explores what happens when lives break down, when it becomes hard to find a word—any word—to express profound loss and anguish . . . There’s not a story in *Hao* that’s anything less than gorgeous.” —*NPR*

“Slow, somber and often elegant, *Hao* thematically foregrounds language. Rather than reproducing the trite ethos of language as power, Ye shows how words operate as weapons, comforts, memories and insufficient — if sometimes beautiful — representations of intent.” —*The NYT Book Review*

THE MERCURY 13: The True Story of Thirteen Women and the Dream of Space Flight

The Mercury 13 reveals the little-known true story of the remarkable women who trained for NASA space flight.

In 1961, just as NASA launched its first man into space, a group of women underwent secret testing in the hopes of becoming America's first female astronauts. They passed the same battery of tests at the legendary Lovelace Foundation as did the Mercury 7 astronauts, but they were summarily dismissed by the boys' club at NASA and on Capitol Hill. The USSR sent its first woman into space in 1963; the United States did not follow suit for another twenty years.

For the first time, Martha Ackmann tells the story of the dramatic events surrounding these thirteen remarkable women, all crackerjack pilots and patriots who sometimes sacrificed jobs and marriages for a chance to participate in America's space race against the Soviet Union. In addition to talking extensively to these women, Ackmann interviewed Chuck Yeager, John Glenn, Scott Carpenter, and others at NASA and in the White House with firsthand knowledge of the program, and includes here never-before-seen photographs of the Mercury 13 passing their Lovelace tests.

Despite the crushing disappointment of watching their dreams being derailed, the Mercury 13 went on to extraordinary achievement in their lives: Jerrie Cobb dedicated her life to flying solo missions to the Amazon rain forest; Wally Funk went on to become one of the first female FAA investigators; Janey Hart had the political savvy to steer the women through congressional hearings and later helped found the National Organization for Women.

A provocative tribute to these extraordinary women, *The Mercury 13* is an unforgettable story of determination, resilience, and inextinguishable hope.

"[A] sharply pointed narrative [about how thirteen] highly skilled fliers were grounded, leaving it to the Russians to put a woman in space fully twenty years before the American government saw fit to do so. A shameful episode exposed with thoroughness and a graceful pen."

ON IMMUNITY: AN INOCULATION

In this bold, fascinating book, Eula Biss addresses our fear of the government, the medical establishment, and what may be in our children's air, food, mattresses, medicines, and vaccines. Reflecting on her own experience as a new mother, she suggests that we cannot immunize our children, or ourselves, against the world. As she explores the metaphors surrounding immunity, Biss extends her conversations with other mothers to meditations on the myth of Achilles, Voltaire's *Candide*, Bram Stoker's *Dracula*, Rachel Carson's *Silent Spring*, Susan Sontag's *AIDS and Its Metaphors*, and beyond. *On Immunity* is an inoculation against our fear and a moving account of how we are all interconnected—our bodies and our fates.

“On Immunity is a book I’ve recommended too many times to count—a searching, empathetic, ultimately unassailable argument, not just for vaccination but for thoroughly acknowledging our interdependence, and for all that becomes necessary and possible once we do. Written before COVID, it nonetheless speaks directly to the concerns of the pandemic era—to the fact that we are dangerous as well as vulnerable, to the way collective well-being and individual self-interest are configured at odds to one another when they are fundamentally intertwined.”

—Jia Tolentino

“Subtle, spellbinding . . . Sontag said she wrote *Illness as Metaphor* to ‘calm the imagination, not to incite it,’ and *On Immunity* also seeks to cool and console . . . [Biss] advances from all sides, like a chess player, drawing on science, myth, literature to herd us to the only logical end, to vaccinate.” —Parul Sehgal, *The New York Times Book Review*

“On Immunity . . . weaves metaphor and myth, science and sociology, philosophy and politics into a tapestry rich with insight and intelligence.” —Jerome Groopman, *The New York Review of Books*

HARUKO/LOVE POEMS

Searingly beautiful poems about compassion, resistance and desire by an iconic Black American activist and write, with a foreword by Adrienne Rich.

In trailblazing poet, essayist, teacher and activist June Jordan's poems, love is a vision of revolutionary solidarity, crossing borders both emotional and literal with an outstretched hand. Haruko traces the faltering arc of a passionate love affair with another woman while Love Poems encompasses relationships with men and women, political resistance, the need for self-care in a demanding, uncaring world and apocalyptic visions of the eruption of Mount Vesuvius that destroyed Pompeii and Herculaneum.

A contemporary of Alice Walker, Toni Morrison and Audre Lorde, June Jordan's spectacular poetry remains profoundly politically potent, lyrically inventive and breathtakingly romantic. First published in 1994, *Haruko/ Love Poems* is a vitally important modern classic.

PRAISE FOR JUNE JORDAN:

"Poetry that looks as closely into lilac buds as into death's mouth...Flawless art"
—Toni Morrison

"A writer of integrity and will" —Darryl Pinckney, *The New York Times*

"Her lifelong devotion to justice, equality, and radical democracy seemed to revolve around the pleasure she felt in hurling beautiful words at a world full of racism, poverty, homophobia and inane politicians...There was always joy in her rage" —Angela Davis

"A poet of the people ... The legacy of June Jordan is a gift to us in that it allows another opportunity to think not only about what poems are, but also about what poems can do"
— Jericho Brown

"Jordan puts love and delight in her poems, not just vengeance and justice... Writing is an act of faith in a future where meaning is possible." —Elisa Gabbert, *The New York Times*

ANIMALS' BEST FRIENDS

As people come to understand more about animals' inner lives—the intricacies of their thoughts and the emotions that are expressed every day by whales and cows, octopus and mice, even bees—we feel a growing compassion, a desire to better their lives. But how do we translate this compassion into helping other creatures, both those that are and are not our pets? Bringing together the latest science with heartfelt storytelling, *Animals' Best Friends* reveals the opportunities we have in everyday life to help animals in our homes, in the wild, in zoos, and in science labs, as well as those considered to be food.

Barbara J. King, an expert on animal cognition and emotion, guides us on a journey both animal and deeply human. We meet cows living relaxed lives in an animal sanctuary—and cows with plastic portals in their sides at a university research station. We observe bison free-roaming at Yellowstone National Park and chimpanzees confined to zoos. We learn with King how to negotiate vegetarian preferences in omnivore restaurants. We experience the touch of a giant Pacific octopus tasting King's skin with one of his long, neuron-rich arms. We reflect on animal testing as King shares her own experience as the survivor of a particularly nasty cancer. And in a moment all too familiar to many of us, we recover from a close encounter with two spiders in the home.

Throughout this journey, King makes no claims of personal perfection. Though an animal expert, she is just like the rest of us: on a journey still, learning each day how to be better, and do better, for animals. But as *Animals' Best Friends* makes clear, challenging choices can bring deep rewards. By turning compassion into action on behalf of animals, we not only improve animals' lives—we also immeasurably enrich our own.

Praise for ANIMALS' BEST FRIENDS:

“King’s Animals’ Best Friends is the most comprehensive exploration I’ve read of the complex relationship between the human and nonhuman, full of great insights and practical information.”—Jeff VanderMeer, *New York Times Book Review*, “By the Book”

HOW ANIMALS GRIEVE

From the time of our earliest childhood encounters with animals, we casually ascribe familiar emotions to them. But scientists have long cautioned against such anthropomorphizing, arguing that it limits our ability to truly comprehend the lives of other creatures. Recently, however, things have begun to shift in the other direction, and anthropologist Barbara J. King is at the forefront of that movement, arguing strenuously that we can—and should—attend to animal emotions. With *How Animals Grieve*, she draws our attention to the specific case of grief, and relates story after story—from fieldsites, farms, homes, and more—of animals mourning lost companions, mates, or friends.

King tells of elephants surrounding their matriarch as she weakens and dies, and, in the following days, attending to her corpse as if holding a vigil. A housecat loses her sister, from whom she's never before been parted, and spends weeks pacing the apartment, wailing plaintively. A baboon loses her daughter to a predator and sinks into grief. In each case, King uses her anthropological training to interpret and try to explain what we see—to help us understand this animal grief properly, as something neither the same as nor wholly different from the human experience of loss.

The resulting book is both daring and down-to-earth, strikingly ambitious even as it's careful to acknowledge the limits of our understanding. Through the moving stories she chronicles and analyzes so beautifully, King brings us closer to the animals with whom we share a planet, and helps us see our own experiences, attachments, and emotions as part of a larger web of life, death, love, and loss.

Praise for HOW ANIMALS GRIEVE:

“Touching and provocative.” —Kari Weil, Washington Post

“Makes a powerful case for the presence of love, affection, and grief in animals—from a house cat mourning her lost sister to elephants who pay respects to the bones of their matriarchs.” -- Petra Mayer — NPR

“King attempts to walk the tightrope of scientific rigor while accepting that non-human animals can have emotions...She has written a challenging book that implies big questions about who we are and how we choose to live.” — Simon Barnes, The Times

UNSHELTERED:

****New York Times Bestseller****

****Named one of the Best Books of the Year by NPR, O: The Oprah Magazine, San Francisco Chronicle, Christian Science Monitor and Newsweek****

The acclaimed author of *The Poisonwood Bible* returns with a story about two families, in two centuries, navigating what seems to be the end of the world as they know it. With history as their tantalizing canvas, these characters paint a startlingly relevant portrait of life in precarious times when the foundations of the past have failed to prepare us for the future.

How could two hardworking people do everything right in life, a woman asks, and end up destitute? Willa Knox and her husband followed all the rules as responsible parents and professionals, and have nothing to show for it but debts and an inherited brick house that is falling apart. The magazine where Willa worked has folded; the college where her husband had tenure has closed. Their dubious shelter is also the only option for a disabled father-in-law and an exasperating, free-spirited daughter. When the family's one success story, an Ivy-educated son, is uprooted by tragedy he seems likely to join them, with dark complications of his own.

In another time, a troubled husband and public servant asks, How can a man tell the truth, and be reviled for it? A science teacher with a passion for honest investigation, Thatcher Greenwood finds himself under siege: his employer forbids him to speak of the exciting work just published by Charles Darwin. His young bride and social-climbing mother-in-law bristle at the risk of scandal, and dismiss his worries that their elegant house is unsound. In a village ostensibly founded as a benevolent Utopia, Thatcher wants only to honor his duties, but his friendships with a woman scientist and a renegade newspaper editor threaten to draw him into a vendetta with the town's powerful men.

A timely and "utterly captivating" novel (San Francisco Chronicle), *Unsheltered* interweaves past and present to explore the human capacity for resiliency and compassion in times of great upheaval.

"Kingsolver brilliantly captures both the price of profound change and how it can pave the way not only for future generations, but also for a radiant, unexpected expansion of the heart."

— O: The Oprah Magazine

"In this engaged and absorbing novel, the two narratives reflect each other, reminding us of the dependability and adaptiveness of our drive toward survival."

— Meg Wolitzer, *New York Times Book Review*

THE PROPERTY

The award-winning author of **Exit Wounds** returns with a story about secrets, money, and the bonds of love.

The Property is a work that will inspire, fascinate, and delight readers and critics alike. Savvy and insightful, elegant and subtle, Rutu Modan's second full-length graphic novel is a triumph of storytelling and fine lines.

After the death of her son, Regina Segal takes her granddaughter Mica to Warsaw, hoping to reclaim a family property lost during the Second World War. As they get to know modern Warsaw, Regina is forced to recall difficult things about her past, and Mica begins to wonder if maybe their reasons for coming aren't a little different than what her grandmother led her to believe.

Modan offers up a world populated by prickly seniors, smart-alecky public servants, and stubborn women—a world whose realism is expressed alternately in the absurdity of people's behavior and in the complex consequences of their sacrifices. Modan's ever-present wit is articulated perfectly in her clear-line style, while a subtle, almost muted color palette complements the true-to-life nuances of her characterization. *Exit Wounds* made a huge splash for this signature combination of wit, style, and realism, and *The Property* will cement Modan's status as one of the foremost cartoonists working today.

Praise for **THE PROPERTY**:

****INCLUDED ON MORE THAN TEN BEST OF THE YEAR LISTS, INCLUDING THE GUARDIAN, PUBLISHERS WEEKLY, SALON, AMAZON, AND THE WASHINGTON POST****

"Modan delights in bringing the subtlest emotional shadings to vivid and often comical life on the page...[*The Property* is a] wryly funny and ultimately wrenching graphic novel." — NPR

"My comic book of the year, by a mile, is Rutu Modan's *The Property*... in which Mica Segal, a young Israeli woman, travels to Warsaw with her irascible grandmother to help her reclaim the apartment building she and her family were forced to give up in 1940...This, believe me, has everything you could possibly want in a comic: great pictures, a multilayered story, mystery, sharp wit." —The Guardian's Graphic Books of the Year

SILENCES

“What Tillie Olsen has to say . . . is of primary importance to those who want to understand how art is generated or subverted and to those trying to create it themselves.” –Margaret Atwood, *New York Times Book Review*

“Language is power, and Olsen does a masterful and compassionate job here of showing who has been denied language in America, and why, and by whom.” –George Saunders, *Vulture*

First published in 1978, *SILENCES* single-handedly revolutionized the literary canon. In this classic work, Olsen broke open the study of literature and discovered a lost continent—the writing of women and working-class people. From the excavated testimony of authors’ letters and diaries we learn the many ways the creative spirit, especially in those disadvantaged by gender, class and race, can be silenced. Olsen recounts the torments of Melville, the crushing weight of criticism on Thomas Hardy, the shame that brought Willa Cather to a dead halt, and struggles of Virginia Woolf, Olsen’s heroine and greatest exemplar of a writer who confronted the forces that would silence her. The reissued twenty-fifth-anniversary edition includes Olsen’s now infamous reading lists of forgotten authors and a new introduction and author preface.

Praise for *SILENCES*:

“A valuable book, an angry book, a call to action.” —Maxine Hong Kingston

“Silences helped me to keep my sanity many a day.” —Gloria Naylor, author of *Mama Day*

“[Silences is] ‘the Bible.’ I constantly return to it.” —Sandra Cisneros, author of *The House on Mango Street*

“Silences will, like *A Room of One’s Own*, be quoted where there is talk of the circumstances in which literature is possible.” —Adrienne Rich, author of *Diving into the Wreck*

TILLIE OLSEN (1912-2007) is internationally renowned for her powerful writing about the inner lives of working-class families, women, and minorities. Her books, *TELL ME A RIDDLE*, *YONNONDIO*, *SILENCES*, and her essays and lectures, have been translated into twelve languages.

TELL ME A RIDDLE, REQUA I, & OTHER WORKS

“The four pieces in *TELL ME A RIDDLE* are lyrical bulletins of working-class family life, charged with emotional detail and delivered with an attention to the rhythms of consciousness more rigorous and powerful than most of what is called realism.” –A.O. Scott, *New York Times*

A century after her birth, Tillie Olsen’s writing is as relevant as when it first appeared; indeed, the clarity and passion of her vision and style have, if anything, become even more striking over time. Collected here for the first time are several of Olsen’s nonfiction pieces about the 1930s, early journalism pieces, and short fiction, including the four beautifully crafted, highly celebrated stories originally published as her short story collection entitled *TELL ME A RIDDLE*: “I Stand Here Ironing,” “Hey Sailor, What Ship?,” “O Yes,” and “Tell Me a Riddle.” Also included, for the first time since it appeared in the 1971 Best American Short Stories, is “Requa I.”

In these stories, as in all of her work, Olsen set a new standard for the treatment of women and the poor and for the depiction of their lives and circumstances. In her hands, the hard truths about motherhood and marriage, domestic life, labor, and political conviction found expression in language of such poetic intensity and depth that their influence continues to be felt today.

An introduction by Olsen’s granddaughter, the poet Rebekah Edwards, and a foreword by her daughter Laurie Olsen provide a personal and generational context for the author’s work.

Praise for *TELL ME A RIDDLE*:

“[Tillie] had invented a literary tradition of her own. . . . Every line is measured, compressed, resonant, stripped bare, so that paragraph after paragraph achieves the shocking brevity and power of the best poems. . . . By now I have read *TELL ME A RIDDLE* so often that it is essentially memorized.” —Scott Turow, on NPR’s *You Must Read This*

“As a great work of literary art [*TELL ME A RIDDLE*] will be read as long as the American language lasts.” —Julian Moynihan

“Everything [Olsen] has written has become almost immediately a classic.” —Robert Coles

“[*TELL ME A RIDDLE* is] enough to make [Olsen’s] name a truly important one in writing. . . . She can spend no word that is not the right one.” —Dorothy Parker

THE GOLEM AND THE JINNI

A marvelous and absorbing debut novel about a chance meeting between two supernatural creatures in turn-of-the-century immigrant New York.

Chava is a golem, a creature made of clay by a disgraced rabbi knowledgeable in the ways of dark Kabbalistic magic. She serves as the wife to a Polish merchant who dies at sea on the voyage to America. As the ship arrives in New York in 1899, Chava is unmoored and adrift until a rabbi on the Lower East Side recognizes her for the creature she is and takes her in.

Ahmad is a jinni, a being of fire born in the ancient Syrian desert and trapped centuries ago in an old copper flask by a Bedouin wizard. Released by a Syrian tinsmith in a Manhattan shop, Ahmad appears in human form but is still not free. An iron band around his wrist binds him to the wizard and to the physical world.

Chava and Ahmad meet accidentally and become friends and soul mates despite their opposing natures. But when the golem's violent nature overtakes her one evening, their bond is challenged. An even more powerful threat will emerge, however, and bring Chava and Ahmad together again, challenging their very existence and forcing them to make a fateful choice.

Compulsively readable, *The Golem and the Jinni* weaves strands of Yiddish and Middle Eastern literature, historical fiction and magical fable, in a wondrously inventive tale that is mesmerizing and unforgettable.

"An intoxicating fusion of fantasy and historical fiction...Wecker's storytelling skills dazzle."

—Entertainment Weekly

"With a delightful blend of the prosaic and the fanciful, *The Golem and the Jinni* explores what it means to be human...to live and find love while overcoming the powerful adversary who threatens to destroy them." — Deborah Harkness, author of *A Discovery of Witches*

"Original and fresh...A fascinating blend of historical fiction and Jewish and Arab folklore"

— Library Journal
