Lexie Axelson

Romance

I made it into the special forces course, but there are three problems. And they're all Kade O'Connell.

Problem number one? One of my instructors is the infamous Special Operator Beast—a man everyone fears due to his cold heart and polished career. He loathes being away from his team, which makes graduating nearly impossible for all of us, mainly his least favorite student, me.

Problem number two? My heart skips a beat whenever I look into his cruel eyes, and my blood heats whenever he's near me. He's tall, scarred, and a devastatingly irresistible man who never smiles.

Oh, and problem number three? He's my ex-boyfriend's dad.

We try to stay out of each other's way to make our reckless attraction fade, but fate keeps bringing us together. The military calls me The Unbreakable Soldier, but falling for Kade O'Connell might be my undoing.

Bree L. Mina

Fate is a fickle thing.

I didn't choose to survive a plane crash. I didn't choose to be trapped on an island with the man who once crushed my soul. I didn't choose to reopen my heart to a love so powerful that the end of it would be unsurvivable.

Fate can lead you down a path of pain, or it can take you on a journey toward happiness. There is no equity in the unpredictable.

Some believe we are in control of our destiny. That we determine the outcome of our lives, the people we love, and the path we walk.

This next path is mine.

3. I must take care of her tiny owl, Rowan. He’s moody, opinionated, and he used to be a mage.

He doesn’t like me, he doesn’t like my dog, and he really doesn’t like the handsome fae councilman who starts hanging around as soon as I arrive in town. # Ride or Die Girl

Alexandar Boldizar

Thriller

In a world run by gangsters, the only way to survive is to learn what it means to ride or die. Beatrix is the ultimate gangster's girlfriend, living through cycles of violence and devotion with Jason, British Columbia's most notorious gangster. Jason hunts her when she runs. Rival gangs smash down her doors. Assassins shoot over her in parking lots. Beatrix knows she needs to run if she wants to live, but escape means transformation from prey to predator as she descends through her own circles of hell, guided by a constellation of seers, a dominatrix, and her cat Cora. Operating as an invisible Virgil, the author shepherds Beatrix's raw, unsentimental voice through the criminal underworld while a Greek chorus builds beneath, creating a darkly absurdist rhythm that examines the strange loops of our self-perception. *Ride or Die Girl* is a crime story, an exploration of how predators nest inside their prey, and a practical primer on how to run a criminal enterprise. Most of all, it's a self-help manual for the next generation of ride or die girls.
